In each city school district governed by a city board of education, such board may employ a city superintendent of schools and such deputy or assistant city superintendents as it may deem necessary and fix and order paid their compensation unless the same be otherwise prescribed by law. Any deputy city superintendent of schools, or assistant city superintendent of schools, or district superintendent may be elected for a term of four years.

Second. To employ the teachers, as provided in part fifth of this section; also to employ janitors and other employees of the school, to fix and order paid their compensation, unless the same be otherwise prescribed by law; *provided*, that no board shall enter into any contract with such employees, other than teachers, to extend beyond the close of the next ensuing school year; except that teachers may be elected on or after May second for the next ensuing school year and each teacher so elected shall be deemed reelected from year to year except as hereinafter specified; *provided*, that any teacher who shall fail to signify his acceptance within twenty days after notice of his election or employment shall have been given him by the clerk or secretary of the governing board of the school district, or shall have been mailed to him by such clerk or secretary by depositing such notice in the United States post office, with postage thereon prepaid, addressed to such teacher at his last known place of address, shall be deemed to have declined the same. Any board of trustees, or city, or city and county board of education may arrange to pay the teachers or principals so employed by them in ten or eleven or twelve equal payments instead of by the school month; *provided, however*, that where the board of trustees of city or city and county board of education arranges to pay the teachers or principals so employed by them in twelve equal payments for the year, they shall begin such payments on the first day of the calendar month following the opening of schools for the current year in all cases where school is opened during the month of July, and in all cases where school is not opened during the month of July, the board of trustees or city boards or city and county boards of education may withhold such warrant or warrants which may have fallen due prior to the opening of school until the teachers or principals so employed by them shall have returned to the employment for which they were engaged by the board of school trustees or the

city or city and county board of education and shall have resumed their respective duties, and then such payments shall be continued from month to month on the first day of each calendar month thereafter until said teachers have been paid the full amount due to them for that fiscal year; *provided*, that a teacher who serves less than a full school year is entitled to receive as salary only an amount that bears the same ratio to the established annual salary for such position as the time he teaches bears to the annual school term; *provided*, that whenever the first day of the month falls upon a holiday, payment of teachers' salaries shall be made on the following day.

Third—To appoint, and, in their discretion, pay district librarians, and enforce the rules prescribed for the government of district libraries.

Fourth—To employ in their discretion supervisors of subjects and fix and order paid their compensation unless the same be otherwise prescribed by law.

Fifth—(*a*) To employ, as teachers, only persons who hold legal certificates for teaching in full force and effect, and on file at the time of such appointment in the office of the county superintendent of schools, to serve as substitutes, probationary or permanent teachers, and to give the county superintendent of schools immediate notice in writing of such employment on blanks furnished by the superintendent of public instruction, stating the name and address of each person thus employed.

(*b*) To fix and prescribe the duties to be performed by principals, teachers, librarians, janitors and all other employees in the school district.

(*c*) To classify as substitute teachers those persons employed as teachers from day to day for less than one school year, to fill positions of regularly employed teachers absent from service.

(*d*) To classify as probationary teachers those persons employed as teachers for the school year, and who have not been classified as permanent teachers, as hereinafter provided, such classification to be made at the time of employment, and thereafter in the month of July of each school year.

(*e*) To classify as permanent teachers all persons who shall have been successfully employed as teachers by the district for two consecutive school years at the time of classification; *provided, also*, that the two years of successful service shall have been performed in a district employing at least eight teachers under a principal who shall devote at least two hours per day to supervision in the school or schools under his control. Such classification shall be made at the end of the two years of such employment.

(*f*) To grant leaves of absence to teachers.

(*g*) To accept the resignation of any teacher and to fix the time when such resignation shall take effect, which date shall not be later than the close of the school year during which such resignation shall have been received by such board.

(*h*) To dismiss substitute teachers at any time at the pleasure of the board.

(*i*) To dismiss probationary teachers during the school year for cause only, as in the case of permanent teachers, except that on or before the tenth day of June in any year the governing board may give notice in writing to a probationary teacher that his services will not be required for the ensuing school year. Such notice shall be deemed sufficient and complete when delivered in person to the teacher by the clerk or secretary of the governing board of the school district or deposited in the United States registered mail with postage prepaid, addressed to such teacher at his last known place of address.

(*j*) To dismiss permanent teachers, principals, or supervisors of special subjects, except as hereinafter provided, only for one or more of the following causes, after a fair and impartial public hearing. Causes for dismissal are immoral or unprofessional conduct, incompetence, evident unfitness for teaching, persistent violation of or refusal to obey the school laws of California, or reasonable rules prescribed for the government of public schools.

Dismissal for cause shall be made only after the following provisions shall have been complied with: The governing board shall give at least ten days notice in writing to any permanent teacher or principal or supervisor of special subjects against whom charges shall have been preferred, which notice shall state fully the charges, and the time when and the place where such hearing is to be held.

The governing board shall hold such hearing under reasonable rules which it shall adopt, and the teacher against whom charges shall have been preferred shall have the right to be represented by counsel, and to call witnesses on his own behalf and take their testimony at the hearing and to cross-examine all other witnesses who may testify at such hearing; *provided*, that such hearing shall be confined to charges only.

The board may dismiss any permanent teacher after a hearing as in this section provided, upon proof of the charges covering any one or more of the causes for dismissal enumerated in this section, upon the affirmative vote of the majority of the board. No member of the board shall be qualified to vote who has not been present throughout the entire hearing, such trial shall have been concluded and the decision rendered within ten days after the beginning of said trial.

It is hereby provided, however, that whenever it becomes necessary to decrease the number of permanent teachers employed by a school district on account of the decrease in the number of pupils attending the schools of such district, or on

account of the discontinuance of a particular kind of teaching service in such district, the governing board may dismiss such teacher or teachers at the close of the school year.

If the dismissal of such teacher or teachers shall become necessary on account of the decrease in the number of pupils attending the schools of district, such teacher or teachers so dismissed shall be the teacher or teachers last employed by the district.

If the dismissal of such teacher or teachers shall become necessary on account of the discontinuance of a particular kind of teaching service in the district, the teacher or teachers so dismissed shall be the teacher or teachers engaged in the type of teaching work so discontinued. If such a course is reestablished within one year from the time of such discontinuance, the teacher or teachers so dismissed shall have the preferred right to appointment as teacher or teachers of such course.

The board shall give any teacher who shall be dismissed under this proviso a statement of honorable dismissal.

Nothing in this act shall be construed as to deprive any teacher of his rights and remedies in a court of competent jurisdiction or a question of fact and law.

Sixth. To provide in cities, and in cities and counties, having boards of education, for the payment of the traveling expenses of any representative of the board of education, when performing services directed by said board."

By Senator King:

SAN FRANCISCO, March 17, 1921.

Hon. Luman King, Senate Chamber, Sacramento.

MY DEAR SENATOR:—I am hard at work on the concise summary of my testimony, item by item, which I am now dictating, and hope to complete my dictation some time tomorrow.

As I told you in Sacramento the other day, it is my hope that I may be able to have this report printed so that a copy may be in the hands of every member of the Legislature.

My testimony has been presented to the Senate and the Assembly, and I have been cross-examined thereon, and assume that my presence is no longer necessary. I have two cases coming on for trial, for which I am anxious to prepare. However, if the Senate desires further testimony from me, I shall do my best to accommodate myself to the Senate's wishes.

Cordially yours,

MAX THELEN.

WHEREAS, The deciduous fruit experiment station, located at Mountain View, California, under the able management of Dr. W. L. Howard, has in the past year given us a successful remedy for the control of brown rot fungus on apricots and peaches; and

WHEREAS, This accomplishment alone is worth far more to the deciduous fruit industry of the State than all it costs the State to maintain the station; and

WHEREAS, The citrus fruit industry has enjoyed the financial favor of the State in times past, enabling it to control many of the pests and diseases peculiar to the industry; and

WHEREAS, The present Legislature is now considering the appropriations for the protection of the deciduous fruit industry; therefore, be it

Resolved, That we, growers of deciduous fruits and members of Mountain View Grange No. 332, P. of H., do hereby request the Legislature to furnish sufficient funds to continue the work at the station at Mountain View, and thus add many thousands of dollars to the production of the State of California; that we believe, in the interests of fair play, this is justly due the deciduous as well as the citrus fruit industry of the State, and that it would be false economy to deny financial support to this necessary work, especially after the fine results that have already been attained.

AMENDMENT NUMBER TWO

On page 1 of the printed bill strike out all the bill after the enacting clause and insert in lieu thereof the following:

"SECTION 1. Individuals, partnerships and corporations of this State, hereby designated subscribers, are hereby authorized to exchange reciprocal or interinsurance contracts with each other, or with individuals, partnerships and corporations of other states, territories, districts and countries, providing insurance among themselves from any loss which may be insured against under other provisions of law, except life insurance. The organization under which such subscribers so exchange contracts shall be termed a reciprocal or interinsurance exchange, hereinafter referred to as the exchange.

SEC. 2. Such contracts may be executed by an attorney, agent or other representative herein designated as attorney, duly authorized and acting for such subscribers under powers of attorney and such attorney may be a corporation. The principal office of such attorney shall be maintained at such place as is designated by the subscribers in the power of attorney. The power of attorney and contracts made thereunder may further provide for the right of substitution and revocation and upon such restrictions upon the exercise of the power granted as may be agreed upon by the subscribers, including the right to fix the contingent liability of the subscriber for the payment of losses in excess of the available cash funds in the possession of the exchange, and may further provide for the exercise of any right reserved to the subscribers directly or through a board or other body which must be selected under such rules and regulations as the subscribers may adopt. This board or other body shall have supervision over the finances of the exchange and over its operations to the extent that said operations shall be in conformity with the subscriber's agreement and power of attorney.

SEC. 3. Such subscribers so contracting among themselves shall through their attorney file with the Insurance Commissioner a declaration verified by the oath of such attorney, or where such attorney is a corporation, by the oath of the duly authorized officers thereof, setting forth:

(*a*) The name of the attorney and or the name or designation under which such contracts are to be issued, which name and or designation shall not be so similar to any name and or designation adopted by any attorney or by any insurance organization transacting business in this State and writing the same class of insurance prior to the adoption of such name and or designation by the attorney as to confuse or to deceive.

(*b*) The location of the principal office of the exchange.

(*c*) The kind or kinds of indemnity to be exchanged.

(*d*) A copy of each form of policy contract or agreement under or by which indemnity is to be exchanged.

(*e*) A copy of the form of the power of attorney or agreement under and by which such indemnity is to be exchanged.

(*f*) That executed contracts or bona fide applications, to be concurrently effective, have been made for the exchange of indemnities by at least one hundred separate subscribers; *provided, however*, that in case of employer's liability or workmen's compensation insurance, there shall have been made executed contracts or bona fide applications, to be concurrently effective, representing a total payroll of not less than one million dollars.

(*g*) That there are in the possession of such attorney in fact, subject to the supervision of the advisory board, assets conforming to the requirements of section 5 hereof.

(*h*) A financial statement under oath in such form as is prescribed by the Insurance Commissioner for the annual statement.

(*i*) The instrument authorizing service of process as provided for in this act.

(*j*) Certificate showing deposits of funds or securities.

SEC. 4. Concurrently with the filing of the declaration provided for by the terms of section three of this act the attorney shall file with the Insurance Commissioner:

(*a*) An instrument in writing executed by him for said subscribers conditioned that upon the issuance of the certificate of authority action may be brought in the county in which the property or person insured therein is located and service of

process may be had upon the attorney in fact or upon the Insurance Commissioner in all suits in this State arising out of such policies, contracts or agreements, which service shall be valid and binding upon all subscribers exchanging at any time reciprocal or interinsurance contracts through such attorney. In the event of process being served upon the Insurance Commissioner three copies of such process shall be served and the Insurance Commissioner shall file one copy, forward one copy to said attorney by registered mail addressed to the attorney at the principal office as fixed in the certificate filed, and shall return one copy with his admission of service. A judgment rendered in any such case where service of process has been so made shall be valid and binding against any and all subscribers as their interests appear.

The exchange may sue or be sued in its own name as in the case of an individual; *provided, however*, that any judgment rendered against the exchange shall be binding upon each subscriber only in such proportion as his interest may appear upon the date that the cause of action arose.

(*b*) A bond in favor of the people of the State of California executed by the said attorney with two sureties or with a surety company authorized to do business in the State of California, to be approved by and filed with the Insurance Commissioner in the penal sum of fifty thousand dollars, conditioned that the attorney will faithfully account for all moneys and other property which may come into his hands or be handled by him under the terms of the said power of attorney and the said rules and regulations, and shall not withdraw or cause to be withdrawn, or convert or appropriate for his own use, from the funds of the exchange, any money or moneys or any other thing of value to which he is not entitled under the terms of the said power of attorney and the said rules and regulations.

Such bond may be sued upon in one and the same action by any subscriber or any number of subscribers suffering loss through a violation of the conditions thereof or by the receiver or trustee in liquidation of the exchange. Liability thereunder may be enforced by any individual subscriber, of any number of subscribers, or in case of liquidation or receivership, by the receiver or trustee in liquidation.

Any amount recovered under such bond shall be deposited in and become a part of the funds of the exchange as a whole; *provided, however*, that where the power of attorney executed by the subscribers or the rules and regulations adopted by the exchange for the conduct of its business thereunder, provide for the bonding of the attorney in fact against fraud and dishonesty and conditioned as the above-mentioned bond, in an amount at least equal to the amount above set forth, the bond executed in accordance with such powers of attorney or rules and regulations, may be filed with the Insurance Commissioner in lieu of any other bond required under this act, and such bond shall be actionable in similar manner and for similar purposes as said first above-mentioned bond; *provided, further*, that where the home office of an exchange is located outside of the State of California, such bond or a certified copy or duplicate thereof shall be filed with the Insurance Commissioner of this State or, in lieu thereof, there shall be filed an affidavit from the Insurance Commissioner of the home state to the effect that such a bond has been filed with him.

SEC. 5. There shall at all times be maintained as assets in cash or securities of the kind designated by the laws of the state where the principal office is located for the investment of funds of insurance companies:

(*a*) A sum equal to one hundred per cent of the pro rata unearned premium deposits collected from subscribers;

(*b*) A sum sufficient to discharge all liabilities other than the unearned premium deposit reserve arising under policies issued.

The liabilities for losses outstanding similar to those for which companies insuring similar risks are required by law to maintain reserves shall be calculated and maintained in the manner provided for by law for the maintenance of such reserves; *provided, however*, that all reserves for losses outstanding on indemnity exchanged prior to July 1, 1919, shall be calculated according to the provision of law in force at the time said contracts were entered into.

If at any time the assets so held in cash or such securities shall be less than the reserves as required above, the subscribers or their attorney for them shall make up the deficiency within thirty days after notice from the Insurance Commissioner so to do; *provided, however*, that every exchange must maintain in cash and such securities an amount not less than fifty thousand dollars in excess of the assets to be maintained to meet the reserves required by subsection (*b*) of this section.

Savings or credits may be returned to the subscribers irrespective as to the source from which the same accrue whenever such returns do not constitute an impairment of the assets or reserves to be maintained as herein required; *provided, however*, that there shall be no discrimination in the making of such returns as between persons or places. Where the subscribers are grouped by industries or otherwise under any ruling or agreement which exempts the funds of one group from liability in whole or in part for the payment of losses or expenses chargeable against another group, each independent group must maintain the reserves herein specified and comply with

the requirements of subdivision (*f*) of section 3 hereof relative to the number and amount of risks to be assumed.

SEC. 6. Such attorney shall, within the time limited for the filing of annual statements by insurance companies transacting the same kind of business, make a report, under oath, to the Insurance Commissioner for each calendar year, showing the financial condition of affairs at the office where such contracts are issued, and shall at any time furnish such additional information and reports as may be required: *provided, however*, that the attorney shall not be required to furnish the names and addresses of any subscribers except in case of an unpaid final judgment. The assets, business affairs and records of such organizations shall be subject to examination by the Insurance Commissioner at any reasonable time, and such examination shall be at the expense of the organization examined. The right of examination herein granted shall include the right to examine the records containing the names and addresses of the subscribers, but any information obtained therefrom shall be regarded as confidential and the disclosure thereof, except under order of court, shall constitute a breach of official duty. Where the principal office of the attorney is located in another state, the Insurance Commissioner may, in lieu of the examination provided for in this section, accept a certified copy of the report of examination made by the insurance department of the state where the principal office is located, or by the insurance department of any other state.

SEC. 7. Any corporation now or hereafter organized under the laws of this State shall, in addition to the rights, powers and franchises specified in its articles of incorporation, have full power and authority to enter into insurance contracts of the kind and character herein mentioned. The right to enter into such contracts is hereby declared to be incidental to the purposes for which such corporations are organized and as fully granted as the rights and powers expressly conferred.

SEC. 8. Upon compliance with the requirements of this act, and the payment of a fee of fifty dollars, the Insurance Commissioner shall issue a certificate of authority or a license to the attorney authorizing him to make such contracts of insurance, which license shall specify the kind or kinds of insurance to be effected and shall contain the name of the attorney, the location of the principal office and the name or designation under which such contracts of insurance are issued. Such license shall be renewed annually upon a showing that the standard of solvency required herein has been maintained and all fees and taxes required have been paid. For such renewal a fee of ten dollars shall be paid.

SEC. 9. Any attorney who shall exchange any contracts of insurance of the kind and character specified in this act, or any attorney or representative of such attorney, who shall solicit or negotiate any applications for same without the attorney first complying with the foregoing provisions, shall be deemed guilty of a misdemeanor. For the purpose of organization, and upon issuance of permit by the Insurance Commissioner, powers of attorney and applications for such contracts may be solicited without compliance with the provisions of this act, but no attorney, agent or other person shall make any such contracts of insurance until all of the provisions of this act shall have been complied with.

SEC. 10. In addition to the foregoing penalties and where not otherwise provided, the penalty for failure or refusal to comply with any or all of the terms and provisions of this act, upon the part of the attorney, shall be the refusal, suspension or revocation of certificate of authority or license by the Insurance Commissioner after due notice and opportunity for hearing has been given such attorney so that he may appear and show cause why such action should not be taken.

SEC. 11. In lieu of all other taxes, licenses or fees whatever, State or local, such attorney shall pay annually on account of the transaction of such business in this State, the same fees as are paid by mutual companies transacting the same kind of business, and an annual tax upon the gross premium deposits collected from subscribers in this State during the preceding calendar year, after deducting therefrom premium deposit returns or cancellations, consideration for reinsurance and all amounts returned to subscribers and or credited to their accounts as savings; such tax to be computed at the same rate as fixed by law for the taxation of mutual companies transacting the same kind of business.

SEC. 12. The attorney may insert in any form of policy prescribed by the laws of this State any provisions or conditions required by the plan of reciprocal or inter-insurance: *provided*, that such plan shall not be inconsistent with or in conflict with any law of this State. Such policy, in lieu of conforming to the language and form prescribed by such law, shall be held to conform thereto in substance if such policy includes a provision or endorsement reciting that the policy shall be construed as if in the language and form prescribed by such law. Any such endorsement shall first be filed with the Insurance Commissioner.

SEC. 13. (*a*) Except as herein provided, the making of contracts as herein provided for and such other matters as are incident thereto shall not be subject to the

laws of this State relating to insurance unless they are therein specifically mentioned. This section shall not be construed, however, as depriving the Insurance Department of the State of the right of examination of and supervision over reciprocal or interinsurance exchanges, their agents and brokers, or of the right to hold and conduct hearings in the manner and under the same procedure as provided by law in the case of mutual or stock insurance companies, but such right is hereby expressly recognized and confirmed. Agents or brokers or reciprocals need not be expressly licensed.

(b) It shall be unlawful for any reciprocal or interinsurance exchange, its attorney in fact, agent or broker to give or offer a rebate to a subscriber, directly or indirectly. A rebate is hereby defined as an allowance, gift, setoff or payment directly or indirectly made or allowed as an inducement to secure the exchange of indemnities, other than a savings or credit to be returned to a subscriber in accord with the provisions contained in the power of attorney or in the reciprocal or interinsurance contract executed by him.

SEC. 14. All laws or parts of laws in conflict herewith are hereby repealed.

"All coal, oil, oil shale, gas, phosphate sodium, and other mineral deposits in lands belonging to the State, or which may become the property of the State, are hereby reserved to the State. Such deposits are reserved from sale except upon a rental and royalty basis, as herein provided for; and a purchaser of any lands belonging to the State, or which may become the property of the State, shall acquire no right, title or interest in, or to, such deposits except as hereinafter expressly provided; and the right of such purchaser shall be subject to the reservation of all coal, oil, oil shale, gas, phosphate sodium, and other mineral deposits, and to the conditions and limitations prescribed by law providing for the State and persons authorized by it to prospect for, mine, and remove such deposits, and to occupy and use so much of the surface of said land as may be required for all purposes reasonably extending to the mining and removal of such deposits therefrom.

SEC. 2. All applications to purchase State lands which may be filed subsequent to the passage of this act, and all sales shall be subject to and contain a reservation to the State of one-sixteenth of all coal, oil, gas, and other mineral deposits in all land so acquired, as hereinafter provided for, and all certificates of purchase and patents issued therefor, shall contain such reservation.

SEC. 3. The Surveyor General may from time to time classify any or all State land for its different possible values and uses, and, when he deems it advisable, may require the State Mineralogist, Director of Agriculture or other organization, agency or institution of the State government to make such classification. It is hereby expressly made the duty of any such officer, organization, agency or institution to make such classification and to render a report thereon upon the application of the Surveyor General.

SEC. 4. The Surveyor General is hereby authorized, upon the payment to him of fifty cents per acre, for each acre in area embraced within the boundaries of the lands proposed to be prospected and under such rules and regulations as he may prescribe, to grant to any person or associations of persons, corporate or otherwise, who are citizens of the United States or who have declared their intention of becoming such, a prospecting permit, which shall give the exclusive right, for a period not exceeding two years, to prospect for oil and gas, upon not exceeding 640 acres of land wherein such deposits belong to the State and are not within any known geological structure of a producing oil or gas field, upon condition that the permittee shall begin drilling operations within six months from the date of the permit, and shall within one year from and after the date of the permit, drill one or more wells for oil or gas to a depth of not less than one thousand feet each, unless valuable deposits of oil or gas shall be sooner discovered, and shall, within two years from date of the permit, drill for oil or gas to an aggregate depth of not less than 2,000 feet unless valuable deposits of oil or gas shall be sooner discovered. The Surveyor General may, if he shall find that the permittee has been unable with the exercise of diligence to test the land in the time granted by the permit, extend any such permit for such time, not exceeding two years, and upon such conditions as he shall

prescribe. Whether the lands sought in any such application and permit are surveyed or unsurveyed the applicant shall, prior to filing his application for permit, locate such land in a reasonably compact form and according to the legal subdivisions of the public land surveys if the land be surveyed; and in an approximately square or rectangular tract, if the land be an unsurveyed tract, the length of which shall not exceed two and one-half times its width; *provided, however*, that in case of prospecting permits and leases to river bed, lake bed, overflowed and tide lands, the width or length of the prospecting permit or lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile, and if he shall cause to be erected upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and shall post a notice in writing on or near said monument, stating that an application for permit will be made within thirty days after the date of posting said notice, the name of the applicant, the date of the notice, and such a general description of the land to be covered by such permit by reference to courses and distances from such monument and such other natural objects and permanent monument as will reasonably identify the land, stating the amount thereof in acres, he shall during the period of thirty days following such marking and posting, be entitled to a preference right over others to a permit for the land so identified; *provided, however*, that applicant shall, as a part of his application for a permit, show that within two days after the posting of the said notice, he recorded a copy of the same in the county recorder's office of the county in which the said land is situated. The applicant shall, within ninety days after receiving a permit, mark each of the corners of the tract described in the permit upon the ground with substantial monument, so that the boundaries can be readily traced on the ground, and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby; *provided, however*, that where the boundaries of the land sought to be prospected or developed under lease are wholly or partially in river or lake beds, overflowed or tide lands, the notice shall be conspicuously posted on a monument as close to a corner of the land as possible and shall specifically describe the area to be developed by courses and distances so that the limits of the area can be easily determined.

SEC. 5. Upon establishing to the satisfaction of the Surveyor General that valuable deposits of oil or gas have been discovered within the limits of the land embraced in any permit, the permittee shall be entitled to a lease for one-fourth of the land embraced in the prospecting permit; *provided*, that the permittee shall be granted a lease for as much as one hundred and sixty acres of said lands, if there be that number of acres within the permit. The area to be selected by the permittee shall be in compact form and if surveyed, to be described by the legal subdivision of the public land surveys; if unsurveyed, to be surveyed by the Surveyor General at the expense of the applicant for lease in accordance with rules and regulations to be prescribed by the Surveyor General, and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys; deposits made to cover expense of survey shall be deemed appropriated for that purpose, and any excess deposit may be repaid to the person or persons making such deposits or their legal representative. Such leases shall be for a term of twenty years upon a royalty of five per centum in amount or value of the production and the annual payment in advance of a rental of one dollar per acre, the rental paid for any one year to be credited against the royalty as they accrue for that year, with the right of renewal as prescribed in section six hereof. The permittee shall also be entitled to a preference right to a lease for the remainder of the land in his prospecting permit at a royalty of not less than twelve and one-half per centum in amount of value of the production, and under such other conditions as are fixed for oil or gas leases in this act, the royalty to be determined by competitive bidding or fixed by such other method as the Surveyor General may by regulation prescribe; *provided*, that the Surveyor General shall have the right to reject any and all bids.

SEC. 6. Until the permittee shall apply for lease to the one-quarter of the permit area heretofore provided for he shall pay to the State of California twenty per centum of the gross value of all oil or gas secured by him from the lands embraced within his permit and sold or otherwise disposed of, or held by him for sale or other disposition.

SEC. 7. All permits and leases of lands containing oil or gas, made or issued under the provisions of this act, shall be subject to the condition that no wells shall be drilled within 200 feet of any of the outer boundaries of the lands so permitted or leased, unless the adjoining lands have been patented or the title thereto otherwise vested in private owners, and to the further condition that the permittee or lessee will, in conducting his explorations and mining operations, use all reasonable precautions to prevent waste of oil or gas developed in the land, or the entrance of water through wells drilled by him to the oil sands or oil bearing strata, to the destruction or injury of the oil deposits. Violations of the provisions of this section shall constitute grounds for the forfeiture of the permit or lease, to be enforced through appropriate proceedings in courts of competent jurisdiction.

SEC. 8. All unappropriated deposits of oil or gas situated within the known geologic structure of a producing oil or gas field and the unentered lands containing the same not subject to preferential lease, may be leased by the Surveyor General to

the highest responsible bidder by competitive bidding under general regulations to qualified applicants in areas not exceeding six hundred and forty acres and in tracts which shall not exceed in length two and one-half times the width; *provided, however,* that in case of leases to river bed, lake bed, overflowed and tide lands, the width or length of the lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile, such leases to be conditioned upon the payment by the lessee of such bonus as may be accepted and of such royalty as may be fixed in the lease, which shall not be less than twelve and one-half per centum in amount or value of the production, and the payment in advance of a rental of not less than one dollar per acre per annum thereafter during the continuance of the lease, the rental paid for any one year to be credited against the royalties as they accrue for that year. Leases shall be for a period of twenty years, with the preferential right in the lessee to renew the same for successive periods of ten years upon such reasonable terms and conditions as may be prescribed by the Surveyor General, unless otherwise provided by law at the time of the expiration of such periods. Whenever the average daily production of any oil well shall not exceed ten barrels per day, the Surveyor General is authorized to reduce the royalty on future production when in his judgment the wells cannot be successfully operated upon the royalty fixed in the lease. The provisions of this paragraph shall apply to all oil and gas leases made under this act.

SEC. 9. The right to prospect, and lease lands containing any other minerals shall be acquired in a similar manner as the right to prospect for and develop oil and gas, under such reasonable and proper rules and regulations, as the Surveyor General shall from time to time prescribe.

SEC. 10. For the purpose, however, of promoting the sale of State land, and the more active cooperation of the owner of the soil, and to facilitate the development of its mineral resources the State hereby constitutes the purchaser of the soil, its agent for the purposes herein named and in consideration hereof, relinquishes to and vests in the purchaser of State lands an undivided 15 16 of all oil and gas and the value of the same that may be upon or within any State land purchased after the passage of this act. The purchaser of the soil is hereby authorized to sell or lease to any person, firm or corporation the oil and gas and other minerals that may be thereon or therein upon such terms and conditions as such purchaser and owner may deem best, subject, however, to the provisions of this act and the reservations herein contained; *and provided, further,* that the lessee or purchaser shall in every case pay to the State an undivided 1 16 of the mineral produced or the value thereof at the well or mine as may be determined by the Surveyor General; *provided further, however,* that upon the discovery of oil or gas in paying quantities on adjoining lands that the purchaser shall within three months thereafter begin or cause to be started the drilling of a well upon his land, which drilling shall be continuous, as may be provided for in appropriate rules and regulations, until oil or gas or other minerals are discovered in paying quantities.

SEC. 11. The Surveyor General shall reserve and may exercise the authority to cancel any prospecting permit or lease upon failure by the permittee to exercise due diligence and care in the prosecution of the prospecting work in accordance with the terms and conditions stated in the permit, and shall insert in every such permit issued under the provisions of this act appropriate provision for its cancellation by him.

SEC. 12. No person, association or corporation, shall take or hold, under the terms of this act, more than three oil or gas leases, and not more than one lease within the geologic structure of the same producing oil or gas field; no corporation shall hold any interest as a stockholder of another corporation in more than such number of leases; and no person or corporation shall take or hold any interest or interests as a member of an association or associations or as a stockholder of a corporation or corporations holding a lease under the provisions hereof, which, together with the area embraced in any direct holding of a lease, under this act, or which, together with any other interest or interests as a member of an association or associations or as a stockholder of a corporation or corporations holding a lease under the provisions hereof, for any kind of mineral leased hereunder, exceeds in the aggregate an amount equivalent to the maximum number of acres of the respective kinds of minerals allowed to any one lessee under this act. Any interests held in violation of this act shall be forfeited to the State of California by appropriate proceedings for that purpose in the superior court for the county in which the property, or some part thereof, is located, except that any ownership or interest forbidden in this act which may be acquired by descent, will, judgment, or decree may be held for two years and not longer after its acquisition; *provided,* that nothing herein contained shall be construed to limit or to prevent any number of lessees under the provisions of this act from combining their several interests so far as may be necessary for the purposes of constructing and carrying on the business of a refinery, or of establishing and constructing as a common carrier a pipe line or lines of railroads to be operated and used by them jointly in the transportation of oil from their several wells, or from the wells of other lessees under this act, or the transportation of coal; *provided,*

further, that any combination for such purpose or purposes shall be subject to the approval of the Surveyor General on application to him for permission to form the same; *and provided further*, that if any of the lands or deposits leased under the provisions of this act shall be subleased, trusteed, possessed, or controlled by any device permanently, temporarily, directly, indirectly, tacitly, or in any manner whatsoever, so that they form part of, or are in anywise controlled by any combination in the form of an unlawful trust, with consent of lessee, or form the subject of any contract or conspiracy in restraint of trade in the mining or selling of coal, phosphate, oil, oil shale, gas, or sodium entered into by the lessee, or any agreement or understanding, written, verbal, or otherwise to which such lessee shall be a party, of which his or its output is to be or become the subject, to control the price or prices thereof or of any holding of such lands by any individual, partnership, association, corporation, or control in excess of the amounts of lands provided in this act, the lease thereof shall be forfeited by appropriate court proceedings.

SEC. 13. That rights of way through all State lands, are hereby granted for pipe line purposes for the transportation of oil or natural gas to any applicant possessing the qualifications provided in section 1 of this act, to the extent of the ground occupied by the said pipe line and twenty-five feet on each side of the same under such regulations as to survey, location, application, and use as may be prescribed by the Surveyor General and upon the express condition that such pipe lines shall be constructed, operated, and maintained as common carriers; *provided*, that the Surveyor General shall in express terms reserve and shall provide in every lease of oil lands hereunder that the lessee, assignee, or beneficiary, if owner or operator or owner of a controlling interest in any pipe line or of any company operating the same which may be operated accessible to the oil derived from lands under such lease, shall at reasonable rates and without discrimination accept and convey the oil of the State or of any citizen or company not the owner of any pipe line, operating a lease or purchasing gas or oil under the provisions of this act; *provided*, that no right of way shall hereafter be granted over said lands for the transportation of oil or natural gas except under and subject to the provisions, limitations, and conditions of this section. Failure to comply with the provisions of this section or the regulations prescribed by the Surveyor General shall be ground for forfeiture of the grant by appropriate proceedings prosecuted in the superior court for the county in which the property, or some part thereof, is located; *and provided further*, that all of the rights and privileges as are now, or as may hereafter be provided by law, respecting the acquisition or rights of ingress, egress and regress for all purposes, over the property of another, by proceedings in eminent domain, are hereby expressly given to a permittee or lessee under the terms of this act.

SEC. 16. Any permit or lease issued under the provisions of this act may be forfeited and canceled by an appropriate proceeding in the superior court for the county in which the property, or some part thereof is located, whenever the lessee fails to comply with any of the provisions of the permit or the lease, or of the general regulations promulgated under this act and in force at the date of the lease; and the lease may provide for resort to appropriate methods for the settlement of disputes or for remedies for breach of specified conditions thereof.

2167*a*. The superior judge of each county, or city and county, may grant certificates in accordance with the form prescribed by the commission, showing that the persons named therein are reputable physicians and graduates of incorporated medical colleges, and have been in active practice of their profession at least five years, and when certified copies of such certificates have been filed with the commission, the latter shall issue to such persons certificates or commissions, and the persons therein named become known as "medical examiners," and there must at all times be at

least two such medical examiners in each county. Such certificate may be revoked by the commission for incompetency or neglect, and shall not be again granted without the consent of the commission.

SEC. 5. Section 2172 of the Political Code is hereby amended to read as follows:

2172. The insane person, together with certified copies of the affidavit, warrant of arrest, and of the order for hearing and examination, the order and accompanying statement of the judge and the certificate of the physicians, must be delivered to the sheriff of the county, and by him must be delivered to the officer in charge of the hospital to which such person is committed; but no female insane person shall be taken to any hospital without the attendance of some other female or of some relative of such insane person.

Any moneys found on the person of an insane person at the time of arrest must be certified to by the judge, and sent with such person to the hospital, there to be delivered to the medical superintendent and by him deposited in a fund to be known as the patients' personal deposit fund.

If the sum exceed one hundred dollars, the excess must be applied to the payment of the maintenance and medical attendance of such person while in the hospital; if the sum is one hundred dollars or less, it may be expended for the personal expenses of the person or applied to the payment of funeral expenses if the person dies at the hospital.

SEC. 6. Section 2176 of the Political Code is hereby amended to read as follows:

2176. The husband, wife, father, mother, or children of an insane person or inebriate, and the guardian of his estate, must cause him to be properly and suitably cared for and maintained, and must pay the costs and charges of his commitment and transportation to a state hospital for the insane or inebriates. The husband, wife, father, mother, or children of an insane person or inebriate, or the estate of such insane person or inebriate, shall be liable for the care, support and maintenance of any insane person or inebriate in a state hospital to which he has been or may hereafter be committed or transferred, and it is hereby made the duty of the commission to make collections of all the aforesaid costs and charges, and charges for the care, support and maintenance of any insane person or inebriate in a state hospital, or to see that they are collected.

The commission shall, following the admission of a patient into a State hospital for the insane or into the Sonoma State Home, cause an investigation to be made to determine what moneys, property, or interests in property, if any, the patient may have, and whether he has a duly appointed and acting guardian to protect his property and his property interests. The commission shall also make an investigation to determine whether the patient has any relative or relatives as mentioned in this section, and who are herein made responsible for payment for the care, support and maintenance of such patient, and for the payment of the costs of commitment and transportation, and shall ascertain the financial condition of such relative or relatives, to determine whether in each case such relative or relatives are in fact financially able to pay such charges. All reports in connection with such investigations, together with the findings of the commission, shall be records of the commission, and may be inspected by interested relatives, their agents, or representatives at any time upon application.

SEC. 7. Section 2178 of the Political Code is hereby amended to read as follows:

2178. The commission shall prepare, have printed, and furnish the district attorney in each county of the State with uniform blank forms upon which to report information in connection with the ability of the person committed to a State hospital, and the relatives of such person liable for his maintenance under section 2176 of the Political Code, to pay the charges of commitment and costs of maintenance while at a State hospital. The district attorney in each county in which an order of commitment is made must, on the filing of a copy of such order with the county clerk, make diligent inquiry into the ability of the person committed, or the relatives above mentioned, to pay the charges and costs of his maintenance and care while in a State hospital and make a report to the secretary of the commission of the result of such inquiry in accordance with the forms furnished by the commission.

SEC. 8. Section 2180 of the Political Code is hereby amended to read as follows:

2180. The monthly rate for the care, support, and maintenance of all insane patients at State hospitals for the insane, where there is liability to pay for such care, support, and maintenance, shall be twenty dollars per month payable in advance; *provided, however*, the medical superintendent of a State hospital for the insane shall, on the order of the commission, reduce or remit the amount to be paid by the estate or the relatives, as the case may be, liable for the care, support, and maintenance, of any insane person committed thereto and confined therein, on satisfactory proof that said estate or said relatives, as the case may be, are unable to pay the said sum of twenty dollars per month. If any insane person die at any time, while his estate is liable for his care, support, and maintenance and other expenses at a State hospital, the claim for such amount as may be due, may be presented to the executor or administrator of his estate and paid in the same manner as are other debts and claims against the estate of a deceased person.

SEC. 9. Section 2181 of the Political Code is hereby amended to read as follows:

2181. If said insane person has sufficient estate for the purpose, it shall be the

duty of the guardian of his estate to pay for his care, support, maintenance and necessary expenses at the hospital to the extent of the estate. Payment for said care, support, maintenance and expenses may be enforced by the order of the judge of the superior court where said guardianship proceedings are pending. On the filing of a petition therein by the secretary of the commission, showing that said guardian has failed, refused or neglected to pay for said care, support, maintenance and expenses, the court, by order, shall direct the payment by the guardian. Such order may be enforced in the same manner as are other orders of the court. If there is not at any time sufficient money on hand in the estate of said insane person to pay the claim of a State hospital for the care, support, maintenance and expenses of said insane person therein, the court may, on petition of the guardian of the estate, or if said guardian fails, refuses or neglects to apply, on the petition of the secretary of the commission, make an order directing the guardian to sell so much of the other personal or real estate or both, of said insane person as may be necessary to pay for the care, support, maintenance, and expenses of said insane person at said hospital. From the proceeds of such sale, the guardian shall pay the amount due for the care, support, maintenance, and expenses at said hospital, and also such other charges as are allowed by law; *provided, however*, payment for the care, support, maintenance, and expenses of any insane person at a State hospital shall not be exacted when such payment will, in any case, where there is a likelihood of such insane person recovering or being released from said hospital, reduce his estate to that extent, in the event of his discharge from the hospital, he is likely to become a burden on the community; but if a certificate from the medical superintendent of the State hospital in which such insane person is confined as a patient is filed in the office of the county clerk with the papers in the guardianship proceedings of such patient, in which certificate said medical superintendent shall state that said patient is suffering from a chronic form of insanity, and that in his opinion a recovery is beyond reasonable hope and that said patient will in all probability continue to be a charge in a State hospital until death, such certificate shall be prima facie evidence that said patient is not likely to recover or to be released from said hospital, and said guardian shall pay the amount due for the care, support, maintenance and expenses at said hospital and such other charges as are allowed by law out of any moneys of said estate in his possession.

SEC. 10. Section 2191 of the Political Code is hereby amended to read as follows:

2191. It shall be the duty of the commission to cooperate with the United States Bureau of Immigration in arranging for the deportation of all alien public charges who are now confined in or may be hereafter admitted or committed to any State hospital.

The commission shall also return all nonresident public charges, who are now confined in or who may be hereafter admitted or committed to any State hospital, to the state or states in which they may have a legal residence. For the purpose of facilitating the return of such persons the said commission may enter into reciprocal agreements with the proper boards, commissions, or officers of other states for the mutual exchange of such public charges now confined in or hereafter admitted or committed to any State hospital in one state whose legal residence is in the other, and it is authorized and empowered to give written permission for the return of any resident or residents of California now confined in a public institution in another state, corresponding to any institution coming within the definition of state hospitals for the insane; *provided, however*, that the state making the request for the return of such person or persons shall have, through the proper authorities, entered into the agreement herein authorized.

A person shall be deemed to be a resident of this State within the meaning of this act who shall have lived continuously in the State for a period of one year and who has not acquired a residence in another state by living continuously therein for at least one year subsequent to his residence in this state; *provided, however*, that the time spent in a public institution or on parole therefrom shall not be counted in determining the matter of residence in this or another state.

All expenses incurred in returning such persons to another state shall be paid by the State of California, but the expense of returning residents of this State shall be borne by the state making the return.

The cost and expense incurred in effecting the transportation of such persons shall be paid from the funds appropriated for that purpose, or from the money appropriated for the care of the insane or incompetent, as may be necessary, upon vouchers approved by the State Board of Control.

SEC. 11. Section 2192 of the Political Code is hereby amended to read as follows:

2192. Whenever any parent, guardian, or other person charged with the support of an imbecile or feeble-minded person or any idiot or epileptic who is not insane, desires him to be admitted into the home for feeble-minded, he may petition the superior court of the county in which he resides, for an order admitting such person to such hospital. The judge must inquire into the condition or status of such person, and if he finds him to be an imbecile, feeble-minded person, idiot or epileptic, and that he has been a resident of the State for one year next preceding the presentation of the petition, such judge must make an order that he be received, maintained, and educated in such hospital, and on the presentation of such order the superintendent

must receive him therein, if the hospital is not already full, or the fund available for its support exhausted; but the imbecile, feeble-minded person, idiot, or epileptic, need not be received if, in the judgment of the management of the hospital or the commission, he is not a suitable subject for admission thereto. The judge must inquire into the financial condition of the parent, guardian, or other person charged with the support of any such person, and if he finds him able, in whole or in part, to pay its expenses at such hospital, he must make a further order requiring such parent, guardian, or other person charged with the support of such person to pay to the hospital at stated periods such sums as, in the opinion of the judge, are proper during such time as the person may remain in such hospital. This order may be enforced by such further orders as the judge deems necessary, and may be varied, altered, or revoked in his discretion, and the board of managers may, with the approval of the commission, cause the peremptory discharge of any person who has been an inmate or patient for the period of one month. For each child or other person committed to such home there shall be paid by the county from which he is committed to the State treasury the sum of twenty dollars monthly for and during each month, or part of month, such person so committed remains an inmate of the hospital, in case the payments herein provided to be made by the parent, guardian, or other person charged with the support of any such person shall not be made.

SEC. 12. A new section is hereby added to the Political Code, to be numbered **2141*a***, and to read as follows:

2141*a*. The commission and each member thereof and its secretary shall have power to administer oaths, certify to all official acts and to issue subpœnas for the attendance of witnesses and the production of papers, books, accounts, documents and testimony in any inquiry, investigation, hearing or proceeding in any part of the State. Each witness who shall appear by order of the commission or a member thereof, or its secretary, shall be entitled to receive, if demanded, for his attendance the same fees and mileage allowed by law to a witness in civil cases, which amount shall be paid by the party at whose request such witness is subpœnaed, unless otherwise ordered by the commission. When any witness who has not been required to attend at the request of any party is subpœnaed by the commission, his fees and mileage may be paid from the funds appropriated for the use of the commission in the same manner as other expenses of the commission are paid. Any witness subpœnaed, except one whose fees and mileage may be paid from the funds of the commission, may, at the time of service, demand the fee for which he is entitled for travel to and from the place at which he is required to appear, and one day's attendance. If such witness demands such fees at the time of service and they are not at that time paid or tendered, he shall not be required to attend before the commission, member thereof, or its secretary, as directed in the subpœna. All fees or mileage to which any witness is entitled under the provisions of this section may be collected by action therefor instituted by the person to whom such fees are payable. The superior court in and for the county or city and county in which any inquiry, investigation, hearing or proceeding may be held by the commission or any member thereof, or its secretary, shall have the power to compel the attendance of witnesses, the giving of testimony and the production of papers, including books, accounts and documents, as required by any subpœna issued by the commission, or member thereof, or its secretary. The commission, or the member thereof, or its secretary, before whom the testimony is to be given or produced, in case of the refusal of any witness to attend or testify or produce any papers required by such subpœna, may report to the superior court in and for the county or city and county in which the proceeding is pending by petition setting forth that due notice has been given of the time and place of attendance of said witness or the production of said papers, and that the witness has been subpœnaed in the manner prescribed in this act, and that the witness has failed and refused to attend or produce the papers required by the subpœna, or has refused to answer questions propounded to him in the course of such proceeding, and ask an order of said court compelling the witness to attend and testify or produce said papers before the commission or member thereof, or its secretary. The court upon the petition of the commission or such member thereof, or its secretary, shall enter an order directing the witness to appear before the court, at a time and place to be fixed by the court in such order, the time to be not more than ten days from the date of the order, and then and there show cause why he had not attended and testified or produced said papers before the commission, member thereof, or its secretary. A copy of said order shall be served upon said witness. If it shall appear to the court that said subpœna was regularly issued by the commission, or member thereof, or its secretary, the court shall thereupon enter an order that said witness appear before the commission, or member thereof, or its secretary, at a time and place to be fixed in such order, and testify or produce the required papers, and upon failure to obey said order said witness shall be dealt with as for contempt of court. The remedy provided for in this section is cumulative and shall not be construed to impair or interfere with the power of the commission, or a member thereof, or its secretary, to enforce the attendance of witnesses and the production of papers and to punish for contempt in the same manner and to the same extent as courts of record.

SEC. 13. A new section is hereby added to the Political Code, to be numbered **2176*a***, and to read as follows:

2176*a*. The commission may file with the guardian of any insane person who is confined in a state hospital, or with the county clerk of the county where the guardianship proceedings in the matter of the estate of such insane person is pending, a verified claim for the unpaid maintenance of such insane person, and when such claim is so filed it shall be the duty of the guardian to pay the same if he has sufficient funds available belonging to said estate of said insane person. If sufficient funds are not available with which to pay said claim, said guardian must report such fact to the commission in writing within ten days after receiving such claim and must report to said commission the condition of the estate of such insane person, setting forth the character of the assets and liabilities of said estate and the value of such assets.

SEC. 14. A new section is hereby added to the Political Code, to be numbered 2178*a*, and to read as follows:

2178*a*. The commission shall prepare, have printed and furnish each county clerk of the State with uniform blank forms upon which to report to the commission the filing of a petition for letters of guardianship of any insane or incompetent person, the name and address of the incompetent person, and the name and address of the petitioner, and the name and address of his attorney, and the time and place fixed for hearing the petition. And the county clerk in each county in which a petition for letters of guardianship of an insane or incompetent person is filed, on the filing of such petition with the county clerk, shall report to the secretary of the commission the name of the insane or incompetent person, the name and address of the petitioner and his attorney, and the time and place fixed for the hearing of said petition, upon the forms furnished by the commission.

SENATE CONSTITUTIONAL AMENDMENT No. 4.

Relative to the framing and ratifying of municipal charters.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its forty-fourth regular session, beginning on the third day of January, 1921, two-thirds of all the members elected to each of the houses voting in favor thereof, propose to the people of the State that section 8 of article XI of the constitution be amended to read as follows:

Sec. 8. Any city or city and county containing a population of more than three thousand five hundred inhabitants, as ascertained by the last preceding census taken under the authority of the Congress of the United States or of the legislature of California, may frame a charter for its own government, consistent with and subject to this constitution; and any city, or city and county having adopted a charter may adopt a new one. Any such charter shall be framed by a board of fifteen freeholders chosen by the electors of such city at any general or special election, but no person shall be eligible as a candidate for such board unless he shall have been, for the five years next preceding, an elector of said city. An election for choosing freeholders may be called by a two-thirds vote of the legislative body of such city, and, on presentation of a petition signed by not less than fifteen per cent of the registered electors of such city, the legislative body shall call such election at any time not less than thirty nor more than sixty days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of such city or city and county and the expenses of such verification shall be provided by the legislative body thereof. Candidates for the office of freeholders shall be nominated either in such manner as may be provided for the nomination of officers of the municipal government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections. The board of freeholders shall, within one hundred twenty days after the result of the election is declared, prepare and propose a charter for the government of such city; but the said period of one hundred twenty days may with the consent of the legislative body of such city be extended by such board not exceeding a total of sixty days. The charter so prepared shall be signed by a majority of the board of freeholders and filed in the office of the clerk of the legislative body of said city. The legislative body of said city shall within fifteen days after such filing cause such charter to be published once in the official paper of said city; (or in case there be no such paper, in a paper of general circulation); and shall cause copies of such charter to be printed in convenient pamphlet form, and shall, until the date fixed for the election upon such charter, advertise in one or more papers of general circulation published in said city a notice that such copies may be had upon application therefor. Such charter shall be submitted to the electors of such city at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than sixty days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said sixty days. If a majority of the qualified voters voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the legislature, if then in session, or at the next regular or special session of the legislature. The legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each house it shall become the organic law of such city or city and county, and supersede any existing charter and all laws inconsistent therewith. One copy of the charter so ratified and approved shall be filed with the Secretary of State, one with the recorder of the county in which such city is located, and one in the archives of the city; and thereafter the courts shall take judicial notice of the provisions of such charter. The charter of any city or city and county may be amended by proposals therefor submitted by the legislative body of the city on its own motion or on petition signed by fifteen per cent of the registered electors, or both. Such proposals shall be submitted to the electors only during the six months next preceding a regular session of the Legislature or thereafter and before the final adjournment of that session and at either a special election called for that purpose or at any general or special election. Petitions for the submission of any amendment shall be filed with the legislative body of the city or city and county not less than sixty days prior to the general election next preceding a regular session of the Legislature. The signatures on such petition shall be verified by the authority having charge of the registration records of such city or city and county, and the expenses of such verification shall be provided by the legislative body thereof. If such petitions have a sufficient number of signatures the legislative body of the city or city and county shall so submit the amendment or amendments so proposed to the electors. Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon held at a date to be fixed by the legislative body of such city, not less than forty and not more than sixty days after the completion of the adver-

tising in the official paper. If a majority of the qualified voters voting on any such amendment vote in favor thereof it shall be deemed ratified, and shall be submitted to the legislature at the regular session next following such election; and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter. In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related, if more than one receive a majority of the votes, the proposition receiving the larger number of votes shall control as to all matters in conflict. It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. It shall be competent in any such charter, or amendment thereof, to provide for the creation of boroughs in all or any part of the territory of the city or city and county governed thereby, and to provide that each such borough may exercise such general or special municipal powers, and to be administered in such manner, as may be prescribed for each such borough in such charter.

The percentages of the registered electors herein required for the election of freeholders or the submission of amendments to charters shall be calculated upon the total vote cast in the city or city and county at the last preceding general State election; and the qualified electors shall be those whose names appear upon the registration records of the same or preceding year. The election laws of such city or city and county shall, so far as applicable, govern all elections held under the authority of this section.

duties, and providing for adult probation boards in certain counties and cities and counties.

COMMITTEE AMENDMENT.

During second reading of the bill, the following committee amendment was offered:

AMENDMENT NUMBER ONE.

After the figures "1203", line 3, page 1, of the printed bill, insert the following: "After plea or verdict of guilty, where discretion is conferred upon the court as to the extent of the punishment, the court, upon oral suggestions of either party, or of its own motion, that there are circumstances which may properly be taken into view, either in aggravation or mitigation, of the punishment, may in its discretion, refer the same to the probation officer, directing said probation officer to investigate, and to report, recommending either for or against release upon probation, at a specified time, and the court shall hear the same summarily at such specified time, and upon such notice to the adverse party as it may direct. At such specified time, if it shall appear from the report furnished by the probation officer, or otherwise, and from the circumstances, of any person over the age of eighteen years so having pleaded guilty, or having been convicted of crime, that there are circumstances in mitigation of the punishment, or that the ends of justice shall be subserved thereby, the court shall have power, in its discretion, to place the defendant upon probation in the manner following:

(*a*) The court, judge or justice thereof, may suspend the imposing, or the execution of sentence and may direct that such suspension may continue for such period of time not exceeding the maximum possible term of such sentence, except as hereinafter set forth, and upon such terms and conditions as it shall determine, which terms and conditions may include, in the discretion of the court, the requirements of bonds for the appearance of the person released upon probation before the court, at any time that the court may require such appearance in the investigation of any alleged violation of said terms and conditions of probation and such bonds may be at any time by the court exonerated without affecting any of the other terms or conditions of such probation; and in case of such suspension of imposition or execution of sentence, the court shall place such person on probation and under the charge and supervision of the probation officer of said court, during such suspension; *provided, however*, that where the maximum possible term of such sentence is less than two years, then such period of suspension of imposition or execution of sentence may, in the discretion of the court, continue for not over two years. Where the offense consists of a violation of section 270 or 270*a* of the Penal Code of the State of California, such suspension of imposition or execution of sentence may, in the discretion of the court, continue for not over five years.

(*b*) If the judgment is to pay a fine, and the defendant be imprisoned until it be paid, the court, judge or justice, upon imposing sentence, may direct that the execution of the sentence of imprisonment be suspended for such period of time, not exceeding the maximum possible term of such sentence and on such terms as it shall determine, and shall place the defendant on probation, under the charge and supervision of the probation officer during such suspension, to the end that he may be given the opportunity to pay the fine; *provided, however*, that upon the payment of the fine being made, judgment shall be satisfied and the probation cease.

(*c*) At any time during the probationary term of the person released on probation, in accordance with the provisions of this section, any probation officer may, without warrant, or other process, at any time until the final disposition of the case, rearrest any person so placed in his care and bring him before the court, or the court may, in its discretion, issue a warrant for the rearrest of any such person and may thereupon revoke and terminate such probation, if the interest of justice so requires, and if the court, in its judgment, shall have reason to believe from the report of the probation officer, or otherwise, that the person so placed upon probation is violating the conditions of his probation, or engaging in criminal practices, or has become abandoned to improper associates, or a vicious life. Upon such revocation and termination, the court may, if the sentence has been suspended, pronounce judgment after the said suspension of the sentence for any time within the longest period for which the defendant might have been sentenced, but if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the person shall be delivered over to the proper officer to serve his sentence.

(*d*) The court shall have power at any time during the term of probation to revoke or modify its order of suspension, of imposition or execution of sentence. It may, at any time, when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation shall warrant it, terminate the period of probation and discharge the person so held, but no such order shall be made without written notice first given by the court or the clerk thereof to

the proper probation officer of the intention to revoke or modify its order, and in all cases, if the court has not seen fit to revoke the order of probation and impose sentence or pronounce judgment, the defendant shall, at the end of the term of probation, be by the court discharged.

(e) Every defendant who has fulfilled the conditions of his probation for the entire period thereof, or who shall have been discharged from probation prior to the termination of the period thereof, shall at any time prior to the expiration of the maximum period of punishment for the offense of which he has been convicted, dating from said discharge from probation or said termination of said period of probation, be permitted by the court to withdraw his plea of guilty and enter a plea of not guilty; or if he has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and in either case the court shall thereupon dismiss the accusation or information against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he has been convicted.

(f) The offices of adult probation officer, assistant adult probation officer and deputy adult probation officer are hereby created, *provided*, that except as hereinafter specified the probation officers, assistant probation officers and deputy probation officers appointed under an act known as the Juvenile Court Law and entitled, "An act to be known as the Juvenile Court Law, and concerning persons under the age of twenty-one years; and in certain cases providing for their care, custody and maintenance; providing for the probationary treatment of such persons, and for the commitment of such persons to the Whittier State School and the Preston School of Industry, the California School for Girls, and other institutions; establishing probation officers and a probation committee to deal with such persons and fixing the salary thereof; providing for the establishment of detention homes for such persons; fixing the method of procedure and treatment or commitment where crimes have been committed by such persons; providing for the punishment of those guilty of offenses with reference to such persons, and defining such crimes, and repealing the Juvenile Court Law approved March 8, 1909, as amended by an act approved April 5, 1911, and as amended by an act approved June 16, 1913, and all amendments thereof and all acts or parts of acts inconsistent herewith," approved June 5, 1915, or under any laws amending or superseding the same, shall be ex officio adult probation officers, assistant adult probation officers and deputy adult probation officers respectively except in the case of offenses committed in any city and county and also in those counties not operating under a free holder's charter, and having a population of more than three hundred thousand, as the same is determined by the Federal census taken in the year Anno Domini 1920, in which counties and cities and counties the adult probation officers, assistant and deputy adult probation officers appointed under subdivision "g" of this section shall serve under this act; *provided, however*, that in all cases of offenses defined by section twenty-one of said act, known as the Juvenile Court Law and by section 270 of the Penal Code, the same probation officers, assistants and deputies shall serve under this act as are appointed under said Juvenile Court Law.

(g) In any city and county and in any said county having a population of more than three hundred thousand and not operating under a free holder's charter, the judges presiding in the departments designated for the hearing and disposition of criminal cases and proceedings by a majority vote shall by order entered in the minutes of the court appoint seven citizens of good moral character to be known as the adult probation board and shall fill all vacancies occurring in such board. The clerk of said court shall immediately notify each person appointed on said board and thereupon said person shall appear before a judge of the superior court and qualify by taking an oath, which shall be entered in said court record, to perform faithfully the duties of such adult probation board. The members of such adult probation board shall hold office for four years and until their successors are appointed and qualify; *provided*, that of those first appointed one shall hold office for one year, two for two years, two for three years and two for four years, the terms for which the respective members shall hold office to be determined by lot as soon after their appointment as may be. When any vacancy occurs in any probation board by expiration of the term of office of any member thereof, the successor shall be appointed to hold office for the term of four years. When any vacancy occurs for any other reason the appointee shall hold office for the unexpired term of his predecessor. Any member of the probation board may be removed for cause at any time by an affirmative vote of four members of said board at a meeting called for the special purpose of considering the question of said removal and the subsequent written approval of a majority of the said judges designated for the hearing and disposition of criminal cases and proceedings, said written approval to be filed with the clerk of the court within thirty days after the written report of the said board has been received by said judges. Written notice as to said special meeting shall be served on each of the members of said board at least ten days prior to the date set therefor and shall specify the purpose thereof.

It shall be the duty of such adult probation board to exercise a friendly supervision of probationers when so directed by the court, to furnish the court information and assistance whenever required upon the request of the court and from time to

time to advise and recommend to the court any changes or modification of the order made in the case of a probationer as may be for the best interests of such person.

Members of the adult probation board shall serve without compensation.

In any city and county there shall be one adult probation officer and eight assistant adult probation officers, who shall receive salaries as follows: Adult probation officer, two hundred sixty dollars per month; one assistant adult probation officer, two hundred dollars per month, and seven assistant adult probation officers at one hundred forty dollars per month, each.

One deputy adult probation officer in such county shall be a woman and shall be a competent stenographer and typist of sufficient ability to perform the clerical and stenographic work of the office in addition to her other duties. The salaries of the adult probation officer, assistant and deputies herein provided shall be paid out of the treasury of the county or city and county in which they are appointed in the same manner as the salaries of other county officers. The said adult probation officer, assistant and deputies shall be allowed such necessary incidental expenses incurred in the performance of their duties as required by any law of the State of California as may be authorized by a judge designated for the hearing and disposition of criminal cases and proceedings, or by the judge of a department to which criminal actions and proceedings are assigned, and the same shall be a charge upon the county and said expenses shall be paid out of the county treasury upon the written order of said judge, directing the county auditor to deliver his warrant upon the treasurer for the specified amount of such expenses. The adult probation officer shall keep a list of expenses and file a copy monthly with the board of supervisors.

In any city and county and in said counties having a population of more than three hundred thousand and not operating under a free holder's charter, the adult probation officer, assistant and deputies heretofore provided shall be nominated by the adult probation board and shall be appointed by majority vote of the judges presiding in the departments designated for the hearing and disposition of criminal cases. The term of office of the adult probation officer, assistant and deputies herein provided for shall be two years from the date of their appointment. The said officers may at any time be removed by vote of a majority of the judges presiding in the departments designated for the hearing and disposition of criminal cases and proceedings for good cause shown and on the filing of written charges by the said judge or judges with the adult probation board. Each adult probation officer, assistant and deputy shall give a bond in the sum of not more than two thousand dollars to be fixed and approved by the judges of the superior court presiding in the departments designated for the hearing and disposition of criminal cases, conditioned for the faithful discharge of the duties of said office. If said bonds are furnished by a surety company licensed to transact business in the State of California, the premium thereon shall be paid out of the county treasury.

The adult probation officer may appoint as many additional deputies as he may desire: *provided, however*, that such deputies shall not have authority to act until their appointment shall be approved by a majority vote of the adult probation board and by a majority vote of the judges presiding in departments designated for the hearing and disposition of criminal cases. The term of office of such deputies shall expire with the term of the adult probation officer making such appointment, but the adult probation officer may at any time in his discretion revoke and terminate such appointment. Such deputies, except as herein provided, shall serve without compensation. Boards of supervisors of cities and counties and of counties having a population of more than three hundred thousand and not operating under a free holder's charter, shall provide and maintain at the expense of such county or city and county in a location in the vicinity of the county jail, suitable offices and quarters for the adult probation officer. Nothing contained in this subdivision shall apply to the offenses defined by section 21 of the said Juvenile Court Law and by section 270 of the Penal Code.

(*h*) Whenever any person is released upon probation under the provision of this act, the case may be transferred to any court of the same rank in any other county, or city and county, of this State in which such person resides, or to which such person may remove, and such court shall thereupon commit such person to the care and custody of the probation officer of the county, or city and county, to which such person has been transferred; such court shall thereafter have entire jurisdiction over such case, with like power to make transfer whenever to such court such transfer may seem proper.

(*i*) At the time of the plea or verdict of guilty of any crime of any person over eighteen years of age, the probation officer of the county of the jurisdiction of said crime shall, when so directed by the court, inquire into the antecedents, character,

history, family environment, and offense of such person, and must report the same to the court, and file his report in writing in the records of said court. His report shall contain his recommendation for or against the release of such person on probation. If any such person shall be released on probation and committed to the care of the probation officer, such officer shall keep a complete and accurate record in suitable books or other form in writing, of the history of the case in court, and of the name of the probation officer, and his acts in connection with said case; also the age, sex, nativity, residence, education, habits of temperance, whether married or single, and the conduct, employment and occupation, and parents' occupation, and condition of such person so committed to his care during the term of such probation and the result of such probation. Such record of such probation officer shall be and constitute a part of the records of the court, and shall at all times be open to the inspection of the court, or of any person appointed by the court for that purpose, as well as of all magistrates, and the chief of police, or other head of the police, unless otherwise ordered by the court. Said books of record shall be furnished for the use of said probation officer of said county, and shall be paid for out of the county treasury.

(*j*) Every probation officer, within fifteen days after the thirtieth day of June, and within fifteen days after the thirty first day of December, of each year, shall make in writing and file as a public document with the county clerk a report to the superior court of the county or city and county in which such probation officer is appointed to serve, and shall furnish a copy of such report to each judge in said county or city and county who has released any person on probation who at the time of such report remains on probation; and a further copy to the secretary of the State Board of Charities and Corrections. Such report shall state, without giving names, the exact number of persons, segregating male and female, and segregating misdemeanors and felonies, who have been released on probation to such probation officer as such number exists, deducting all cases of expiration, discharge, dismissal, and restoration of rights, on said thirtieth day of June and said thirty first day of December; and such report shall further segregate such (person) as having been released on probation, as the case may be, in 1903, 1904, 1905, and so on, up to and including the calendar year in which such report is made and filed.

(*k*) The probation officer shall furnish to each person who has been released on probation, and committed to his care a written statement of the terms and conditions of his probation unless such statement has been furnished by the court, and shall report to the court, judge or justice, releasing such person upon probation any violation or breach of the terms and conditions imposed by such court on the person placed in his care.

A complete stenographic record of all proceedings has been kept and is on file with the Secretary of the Senate.

While the aggregate of the proposed State budget is stated as $81,387,692.51, this should be reduced by $1,061,553.78, on account of appropriations actually made during January of this year to cover deficiency items for the present biennium. Thus, the true aggregate of the budgeted items for the ensuing biennium, as to which this investigation has been had, is $80,323,138.73.

Budget items for ensuing biennium	$80,323,138 73
There was appropriated two years ago for the present biennial period $52,673,255.66, to which must be added the deficiency appropriations referred to above. This brings the total for the present biennium up to	53,737,809 44
Excess of proposed budget over expenditures for present biennium	$26,585,329 29

It will thus be seen that the proposed budget for the ensuing biennium represents an increase over the aggregate of the appropriations for the present biennium of $26,585,329.29. Eighteen million dollars of this increase is accounted for by a vote of the people at the last general election.

The balance of this increase, to wit: $8,585,329.29, is represented quite largely by items for buildings, repairs and improvements at the various institutions of the State, the total budget recommendations for this purpose being $5,043,622.50.

A larger provision for this purpose than usual is clearly necessitated by reason of the fact that during the preceding years, because of extraordinary conditions, practically no building has been done at the State institutions.

Outstanding features of the proposed budget are the large amounts represented by so-called "fixed charges"; that is to say, continuing charges provided for either by constitution or statute, and the large amount returned to the counties, municipalities and school districts for local expenditure and distribution.

Thus, in the category of fixed charges are to be found such items as the following:

Principal and interest on highway and building bonds and Sutter Basin assessment	$6,172,400 00
Support of schools and University	34,041,479 15
Support of orphans	2,838,000 00
Principal and interest, county bonded indebtedness	1,500,000 00
Miscellaneous fixed charges	357,870 00
Total	$44,909,749 15

And in the category of amounts returned to the localities and expended there are found the following:

Smith-Hughes education fund	$224,000 00
Free text books	427,000 00
Orphan aid department	78,312 00
Principal and interest on highway bonds	4,800,000 00
Elementary school fund	24,924,725 00
High school fund	5,077,255 00
Teachers' retirement fund	400,000 00
Support of orphans	2,838,000 00
Principal and interest, county indebtedness	1,500,000 00
Tuberculosis aid	600,000 00
Total	$40,969,892 00

It developed at the hearings that there has been a surprisingly large turnover in the State's employees during the past two years, over 95 per cent of them having been attracted to other fields of occupation by higher wages and salaries.

It is impracticable for the Senate, sitting as a Committee of the Whole, at this time to make specific findings as to each item of the budget. As a result, however, of the hearings, the Senate, sitting as a Committee of the Whole, has reached certain general conclusions which are expressed in the following declarations or findings, adopted by the vote set after each:

DECLARATION NUMBER ONE.

It is the sense of the Senate, sitting as a Committee of the Whole, after having been fully advised in respect to the suggestion that a special election be called for the purpose of incurring a bonded indebtedness for the construction of buildings urgently and immediately needed, that such plan is unwise, financially unsound, and impracticable.

Ayes
Noes

DECLARATION NUMBER TWO.

It is the sense of the Senate, sitting as a Committee of the Whole, that the long continued and firmly established policy of the State of California to care for the building program of the State out of its current revenues, rather than to burden future generations with bonds and interest, should be adhered to. Bonded indebtedness should be incurred only for extraordinary capital requirements or under extraordinary revenue conditions.

Ayes
Noes

DECLARATION NUMBER THREE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the State Budget Board was and is justified in reducing and eliminating the various requests for appropriations in the manner and in the amount expressed in the report of the Budget Board, and that there should be no increase in any of the amounts recommended by the Budget Board, and that there should be no appropriations for any of the budgetable items disallowed by the Budget Board.

Ayes
Noes

DECLARATION NUMBER FOUR.

It is the sense of the Senate, sitting as a Committee of the Whole, in view of present financial conditions and the tendency of prices to fall, that none of the items recommended in the budget should cover or include any amount for any increase in the present salary or wage scale of the State, with the exception of the salaries of teachers in Normal Schools and other State educational institutions. The increases in these cases are necessary to bring the

salaries up to a level with the salaries paid in the common schools and high schools.

Ayes_____
Noes_____

DECLARATION NUMBER FIVE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the apparent decline in the prices of food, clothing and like commodities, entering into the items of support for the various State institutions, as recommended in the budget, since the preparation thereof, justify a slightly further decrease, to wit: a decrease of 5 per cent in addition to the decrease of approximately 8 per cent already reflected in the budget recommendations for support.

Ayes_____
Noes_____

DECLARATION NUMBER SIX.

It is the sence of the Senate, sitting as a Committee of the Whole, that the Senate Finance Committee should scrutinize with the greatest care and exercise the greatest restraint in approving or reporting to the Senate any special appropriation bills not budgeted, and that only such bills shall be reported as shall secure call for expenditures for urgent needs of the State, and that the policy of entering upon any new activities at the present time should be discouraged.

Ayes_____
Noes_____

DECLARATION NUMBER SEVEN.

It is the sense of the Senate, sitting as a Committee of the Whole, without committing itself as to any particular item of the budget, that the Budget Board in formulating its recommendations has shown great industry, thoroughness and conservatism.

REPORT OF JOINT COMMITTEE SUBMITTED.

The following report of Joint Committee appointed pursuant to Assembly Concurrent Resolution No. 1, was presented by Senator Johnson, and ordered printed in the Journal:

Pursuant to the adoption of Concurrent Resolution No. 1, a Joint Committee, consisting of the following members: Senators Egbert J. Gates, M. B. Johnson, Edwin M. Otis, and Assemblymen Percy G. West, Van Bernard, and Robt. W. Colburn, was duly appointed "to investigate the present status of the College of Agriculture, University of California and the University Farm School—and to make certain recommendations to the end that this State be provided with an institution for instruction and investigation in the science of agriculture second to none in the United States."

The committee met and elected Percy G. West, author of the resolution, chairman. Two visits were made to the College of Agriculture at Berkeley, and two visits to the University Farm at Davis.

February 25, 1921, a public hearing was held in the Assembly Chamber before one of the largest gatherings attending a legislative hearing in years.

The committee as a result of its study makes the following report and recommendations:

PRESENT PLAN OF AGRICULTURAL INSTRUCTION.

COLLEGE OF AGRICULTURE.

The institution in California for advanced instruction and investigation in the science of agriculture is the College of Agriculture, which exists as a department of the University of California, and has its headquarters on the campus at Berkeley, where it has been since the establishment of the institution. In the early days of the university, slight importance was attached to the college. In this respect the situation in this State was no different than that which existed in other states. However, when the general development of agricultural colleges began about twenty years ago, this State found itself in a peculiar situation, because little or no land suitable for agriculture was adjacent to the campus. In many of the eastern states, ample land of suitable character was available nearby the university, and it proceeded to develop a college of agriculture as a university department. Other eastern states, either through lack of suitable land at the headquarters of the university, or through other pressure, developed a college of agriculture as a separate institution. Apparently it was generally recognized that for the proper development and functioning of a college of agriculture, the prime requisite was land. Just why this State failed to recognize the importance of land is not clear, but for many years the Agricultural College existed at Berkeley with little or no land, orchards, vineyards, herds or flocks, and California students received practically their entire instruction in classrooms from lectures and textbooks. This plan obviously did not offer as satisfactory a course in agriculture as states with farm land and equipment were providing, and to correct the weakness of the situation, the State in 1908 purchased a large tract of excellent agricultural land near Davis and made provision for the establishment of the University Farm School. This institution is a branch of the College of Agriculture of the university, and functions in several ways.

1. By providing vocational agricultural courses for boys not desirous of completing a college course. About half the students in these courses are qualified to enter the university.

2. By providing short courses, usually six weeks in length, in various lines of practical agriculture, open to students of all ages, without scholastic requirements.

3. By providing courses for university students which bring them into contact with practical farm activities. At first such students came to the farm for six months, but this period has now been lengthened to two years, if the student so desires. Students in other leading institutions, with which the University of California must compete, receive four years of work on the farm.

In passing it should be pointed out that the university and farm school students at the institution form separate groups.

RESULTS OF THE PRESENT PLAN.

As a result of the present plan of operation, this committee has found through personal investigation the following facts:

1. That there is dissatisfaction with the college among many ranchers and others interested in agriculture, the feeling being that the plan of instruction is not meeting the needs of this State to the same extent that colleges of agriculture in other leading states serve their public, except the very commendable results obtained in the University Extension Department in deciduous fruit, and the Riverside Experiment Station in citrus fruit, by which and through which the farmers of the State have been saved many millions of dollars annually.

2. That under the present plan, graduates of the college are not as well trained for actual farm practice as are graduates of some other leading institutions.

3. That the enrollment in the college is falling off.

4. That California boys and girls are attending institutions in other states.

5. That it is admitted that the present system is weak because of lack of land, orchards, vineyards and livestock at Berkeley, where the major portion of the course is given.

6. That the equipment for instruction and investigation at the University Farm at Davis is totally inadequate and in no way in keeping with the dignity of the industry it seeks to serve or the State of California.

7. That there is a demand originating within and representing a considerable section of the agricultural industry that the College of Agriculture should be separated from the University of California.

8. That the faculty of the College of Agriculture believe that unless land for outdoor laboratory purposes is provided at Berkeley, it will be impossible to develop

a modern, progressive institution of agricultural instruction and investigation at that location, but that with such land and necessary facilities in connection with it there is no reason why the University of California College of Agriculture should not be the equal of any institution in the country.

9. That the faculty and Regents of the university seek to correct the weaknesses of the present situation, (*a*) by the purchase of land and development of certain outdoor laboratory facilities at Berkeley, (*b*) by the development of the University Farm School at Davis into a branch of the College of Agriculture, where students will take the first two years of university instruction, and either proceed to Berkeley for the final two years or receive a certificate as evidence of the course they have completed. This plan would mean the termination of the so-called Farm School.

CONCLUSIONS AND RECOMMENDATIONS OF THIS COMMITTEE.

This committee regards the matter of an efficient College of Agriculture as one of the most vital problems this State has to solve, and as a consequence does not feel that it is warranted in setting forth any final conclusions on the basis of the five or six days' study it has been possible to give the question in the midst of a busy legislative session. It is of the opinion, however, that neither the present situation nor the proposed plan of the university is sufficiently free from objections to be accepted without further study, and it therefore begs leave to recommend

1. That a commission of seven members, including one member of the Senate, one member of the Assembly, three representatives of the farming interests of the State, one member of the faculty of the College of Agriculture, and the Comptroller of the University of California, be appointed by the Governor, and that said committee be empowered to make a thorough investigation of the entire problem of agricultural instruction and investigation. That said committee be requested to investigate the plan of operation and organization of the leading agricultural colleges of the United States; to consider carefully the merits of our present system; the merits and weaknesses of any proposed plan of reorganization; and to report the result of their findings in full and in detail to the forty-fifth California Legislature, together with their recommendations.

2. That the sum of $10,000 be appropriated to defray the expenses and per diem allowance of said commission.

3. That no capital expenditures either for lands or buildings be made for the College of Agriculture at Berkeley.

4. That the regents of the university proceed with a definite and liberal building program for the University Farm at Davis.

5. That until the University Farm at Davis is thoroughly developed, no similar work be undertaken at other points in the State.

The committee further wishes to express its unanimous opinion that the appropriation for buildings at the Davis Farm School and the appropriation of two million five hundred thousand dollars for the maintenance of the College of Agriculture, as requested by the Regents, are absolutely necessary if the college is to conduct its present activities on a basis of minimum efficiency and to meet in a reasonable way the most pressing demands for new investigations into vital problems of the agricultural industry, and we recommend that the suggested budget be increased sufficiently to cover this amount.

"SEC. 3. The State Hydro-electric Power Commission is hereby created to consist of three members to be designated commissioners. The Governor of the State of California shall designate and appoint two State officers who are heads of executive officers of some board, division, bureau, commission or department of the State government and they shall be known as ex officio members and who shall serve during his pleasure. The third member, who shall be the chairman and executive officer of the commission, shall be appointed as hereinafter provided and shall be known as the appointed member. The ex officio members shall receive no additional compensation to that allowed by law, but may be allowed traveling or other personal expenses incurred in the performance of duties under this act. The appointed member shall receive such compensation as may be fixed by the associated municipalities as hereinafter provided.

SEC. 4. Any municipality as herein defined may elect to receive the service or avail itself of the benefits of this act. Upon the adoption of a resolution by the legislative or managing body thereof, reciting such election, such municipality shall become a member of the associated municipalities. After a period of two years any municipality may rescind such action and withdraw its membership, provided that six months' notice of its intention to so withdraw shall have been given to the commission. Upon the adoption of the resolution of election aforesaid, the clerk or secretary of the municipality shall transmit a certified copy thereof to the Governor.

SEC. 5. Whenever municipalities to the number of twelve or more and having a combined population of not less than 100,000 (according to the census of 1920) shall have adopted resolutions as provided in the preceding section, and copies of such resolutions have been received by the Governor, it shall be the duty of the Governor to call a meeting of such municipalities at a time and place to be designated by him. At least ten days' notice of such meeting shall be given by mail to the clerk of each municipality as appears from the resolutions transmitted to him. Each municipality which shall have adopted the resolution prescribed in section 4 prior to the date of such meeting shall be entitled to be represented thereat by such representative or representatives as it may designate, but each municipality shall be entitled to only one vote on all questions that may come before the meeting. At such meeting a member of the commission shall be appointed and his compensation fixed. The meeting shall provide for the creation of a fund to defray the expenses of the commission and the municipalities of the State as herein defined are hereby authorized to contribute from municipal funds such sums as may be deemed by the associated municipalities to be necessary. For this purpose the associated municipalities at the meeting herein provided for (or at annual meeting thereafter) may adopt a schedule of contributions to be made by the several municipalities, and the election of a municipality to avail itself of the service and benefits of this act shall be construed as an obligation to contribute the sum so fixed.

SEC. 6. At the meeting aforesaid the Governor shall announce the appointment of the ex officio members of the commission and upon the selection of the appointed member and his qualification as such the State Hydro-electric Power Commission shall be deemed organized and shall exercise the powers herein granted or necessarily implied.

SEC. 7. The commission shall exercise the following powers:

a. To be a body politic and have perpetual succession, adopt a seal, and may sue and be sued.

b. To acquire by purchase, lease or otherwise, land, waters, water privileges, water powers, works, machinery, plant, transmission line and appurtenances and all things necessary for the generation, transmission, storage and distribution of electrical energy or power.

c. To construct, maintain and operate works and appliances for the foregoing purposes.

d. To exercise the powers of eminent domain in the name of the State of California in the manner provided by law for the purpose of acquiring any property necessary for its purpose.

e. To appropriate and use public water for the purpose herein expressed and upon request so to do the Water Commission of the State may reserve such water as the commission may designate from appropriation by individuals. But this power shall not be construed as limiting the rights of irrigation districts, water districts, public utility districts or municipal corporations to appropriate and use public waters for their respective purposes.

f. To apply for and obtain in the name of the State permits and licenses from the United States under the act of Congress known as the Federal Power Act.

g. To enter into agreements with the United States or any state respecting the use and conservation of interstate waters. But all such contracts shall receive the approval of the Governor before becoming effective.

h. To purchase electrical energy and transmit, distribute and resell the same.

i. To contract with and supply to municipalities as herein defined electrical energy or power and to contract with and supply to such municipalities such water as the commission may have the right to dispose of.

j. To provide for the organization of rural syndicates and supply the same with electrical energy.

k. To use the lands of the State or public highways when necessary for its purpose, but may not obstruct the free use thereof by the public.

l. To appoint a secretary and employ engineers, accountants, counsel, and necessary assistants, fix their compensation and define their duties.

SEC. 8. Whenever a municipality shall request the commission to supply it with electrical energy it shall be the duty of the commission to furnish an estimate of the quantity of energy required, an estimate of the cost thereof and a statement as to the conditions under which the same will be supplied. Thereafter, if deemed advisable, the legislative or managing body of the municipality may authorize the execution of a contract with the commission providing for the supplying of the electrical energy required and the terms and conditions connected therewith. The commission shall fix a monthly rate per unit of energy to be supplied, which monthly rate shall be known as an "interim rate," which rate may be changed by the commission at the end of each six months' period. At a stated time each year there shall be a readjustment of the rates for the previous year and new interim rates fixed for the ensuing year. The commission shall determine the cost of service to each municipality for the year preceding and such cost shall include the expenses of operation and maintenance (including a proper pro rata of the expenses of the commission), interest properly chargeable upon any debt incurred for the construction or acquisition of works or property, such contributions to sinking funds (except as otherwise herein provided) as may be required to meet the annual payments of debt incurred by the commission, and a sum sufficient to provide for depreciation. In the event that the interim rates charged and collected have not produced a sum sufficient to pay the cost so annually determined, such excess of cost shall be charged to and paid by the municipality, and in the event that such interim rates have produced a sum in excess of the cost so determined, then such excess shall be credited to the municipality and applied in paying the rates for the succeeding year. The intention of the provision of this section is to supply electrical energy to municipalities at approximately its cost to the commission. It is expressly understood and provided that to the extent of its contributions to sinking funds or other payments made to capital investment, each municipality shall be deemed to have acquired an equitable interest in the property acquired as a result of such capital investment and the commission shall hold such property as trustee of the municipalities.

SEC. 9. Whenever the commission shall determine that the public interest requires the construction of any works, it shall make plans and estimates of cost thereof. It shall also determine the municipalities that will be benefited by such proposed construction and the amounts that each municipality should contribute to defray the cost thereof. Thereafter it shall be lawful for each municipality to cause bonds in a sum not exceeding such estimate to be issued in the manner required by the laws governing such municipality for the issuance of bonds for other purposes. Such bonds shall be of the character known as serials, and at least one-thirtieth part shall be payable annually, but the commission may release any municipality from payments for the first five years. The denominations of the bonds may be made to agree with the amount of annual payment. Such bonds shall not be included in determining the amount of bonded debt that may be incurred by the municipality.

Such bonds when authorized by a two-thirds vote of the voters voting on the question at an election (which may be either a special or general election) shall be executed by the officers prescribed by law and shall be delivered to the commission. Such bonds shall not be sold, except as herein otherwise provided, but shall be held by the commission in trust and as security for the payment of the certificates provided in section 10 of this act.

Whenever a municipality shall have paid a sum on account of capital investment or contributions to sinking funds as provided in section 8 equal to the denomination of its bond of earliest serial number in the hands of the commission, such bond shall be cancelled and returned to the municipality issuing.

Whenever a municipality shall have failed to pay the contributions necessary to meet the requirements for interest and principal of debt as provided in section 8, the

commission may sell such of the bonds of the municipality deposited with it as may be necessary to make such payments, or it may present such bonds as are due to the municipality for payment and the municipality shall pay the same from its revenues, or may levy a special tax to provide therefor.

SEC. 10. The commission may borrow money and issue certificates of indebtedness or debentures therefor.

a. Such certificates or debentures may be paid from annual revenues only as shall accrue from and by the contracts entered into with the municipalities as provided in section 8 hereof, or

b. Such certificates may be paid either from annual revenues or from moneys derived from the sale or the payment of the bonds issued by the municipalities and deposited with the commission as provided in section 9.

Certificates or debentures issued under the provisions of paragraph (*a*) shall not run for a period of more than twenty years, and certificates or debentures issued under the provisions of paragraph (*b*) shall not run for a period of more than the bonds of the municipalities issued under the provisions of section 9 and shall not exceed in amount the amount of the bonds so issued.

Such certificates or debentures shall be issued in such form and denomination as the commission may determine and may be registered or coupon. They shall be signed by the chairman of the commission under its seal attested by the secretary and by the treasurer of the commission. Provision may be made for attached certificates of authentication or financial audit. Such certificates or debentures may be issued and sold by the commission at such times, in such amounts and in such manner as may be necessary to meet its requirements.

All certificates or debentures issued under the provisions of this act shall be exempt from taxation and shall be subject to investment and security for the deposit of public funds to the same extent as state and municipal bonds.

SEC. 11. The State Treasurer shall be ex officio the treasurer of the commission and all moneys received by the commission or its employees shall be paid to the treasurer as State moneys are required to be paid, and shall be paid out only upon the order of the commission. Surplus funds may be deposited in banks under the provisions of the law applicable to State moneys, but any interest accruing thereon shall be credited to the funds of the commission.

SEC. 12. Annual meetings of the associated municipalities shall be held at a time and place to be fixed by the commission. At such meetings the commission shall submit a report of its activities and financial transactions for the year preceding. The associated municipalities may at such meeting designate the appointed member of the commission for the ensuing year and may change his compensation. They may revise the schedule of contributions and advise the commission on such matters of policy as may be deemed proper.

SEC. 13. Whenever requested so to do the commission shall advise a municipality as to any matter relative to the service of electric energy and may prepare plans and specifications for distribution systems and may either construct or superintend the construction thereof. The municipality shall compensate the commission for any expense which may be incurred in the rendition of any service under the provisions of this section.

SEC. 14. The commission shall provide for a proper system of accounting, to the satisfaction of the Board of Control, and shall require the keeping of proper accounts by the associated municipalities in respect to the service of electric energy, and shall audit all municipal accounts thereof and make report thereof. The commission shall publish annually a full report of the financial transactions of the commission and the municipalities.

SEC. 15. The commission may lease property with an agreement that the rental therefor paid by the commission shall be applied to amortize the capital invested therein; or may purchase property to be paid for out of the earnings of the property so purchased; or may purchase an equitable interest in property that may be chargeable with a mortgage or bonded debt; or it may act as a receiver or trustee and may operate property in accordance with the terms of such trust or judicial decree, but such operation shall be within the scope of the powers of the commission in this act expressed or implied.

SEC 16. The several departments of the State government shall freely furnish such information as they may have when requested by the commission so to do and when convenient may advise or render such service as may be desirable, and the commission shall render like information, advice or service to other departments of the State government.

SEC. 17. The commission may establish rules and regulations necessary to properly conduct the business in which it is engaged and may establish standards of service or rules of interpretation to apply to or govern its own actions or those of the municipalities.

SEC. 18. Nothing herein contained shall be construed as creating or imposing any debt, liability or obligation upon the State; nor shall the commission be personally liable for damages arising out of the operation of any of the property vested in the commission, but all claims for accidents or injury and all insurance premiums covering accidents or injury shall be chargeable to operating costs.

SEC. 19. Municipalities as herein defined shall have the right to construct, maintain and operate all necessary systems and works for the distribution of electric energy and may supply such energy to consumers or users thereof.

SEC. 20. No member of the commission, or employee thereof, shall hold, purchase, take or be interested in any stock, shares, bond or security or property of any corporation or individual engaged in the generation, distribution or supply of electrical power or energy, or have any interest in any device, appliance, machine or patented process, which may be required or used in the generation or distribution of power or energy.

A complete stenographic record of all proceedings has been kept and is on file with the Secretary of the Senate.

While the aggregate of the proposed State budget is stated as $81,387,692.51, this should be reduced by $1,064,553.78, on account of appropriations actually made during January of this year to cover deficiency items for the present biennium. Thus, the true aggregate of the budgeted items for the ensuing biennium, as to which this investigation has been had, is $80,323,138.73.

Budget items for ensuing biennium	$80,323,138 73
There was appropriated two years ago for the present biennial period $52,673,255.66, to which must be added the deficiency appropriations referred to above. This brings the total for the present biennium up to	53,737,809 44
Excess of proposed budget over expenditures for present biennium	$26,585,329 29

It will thus be seen that the proposed budget for the ensuing biennium represents an increase over the aggregate of the appropriations for the present biennium of $26,585,329.29. Eighteen million dollars of this increase is accounted for by a vote of the people at the last general election.

The balance of this increase, to wit: $8,585,329.29, is represented quite largely by items for buildings, repairs and improvements at the various institutions of the State, the total budget recommendations for this purpose being $5,043,622.50.

A larger provision for this purpose than usual is clearly necessitated by reason of the fact that during the preceding years, because of extraordinary conditions, practically no building has been done at the State institutions.

Outstanding features of the proposed budget are the large amounts represented by so-called "fixed charges"; that is to say, continuing charges provided for either by

constitution or statute, and the large amount returned to the counties, municipalities and school districts for local expenditure and distribution.

Thus, in the category of fixed charges are to be found such items as the following:

Principal and interest on highway and building bonds and Sutter Basin assessment	$6,172,400 00
Support of schools and University	34,041,479 15
Support of orphans	2,838,000 00
Principal and interest, county bonded indebtedness	1,500,000 00
Miscellaneous fixed charges	357,870 00
Total	$44,909,749 15

And in the category of amounts returned to the localities and expended there are found the following:

Smith-Hughes education fund	$224,600 00
Free text books	527,000 00
Orphan aid department	78,312 00
Principal and interest on highway bonds	4,800,000 00
Elementary school fund	24,924,725 00
High school fund	5,077,255 00
Teachers' retirement fund	400,000 00
Support of orphans	2,838,000 00
Principal and interest, county indebtedness	1,500,000 00
Tuberculosis aid	600,000 00
Total	$40,969,892 00

It developed at the hearings that there has been a surprisingly large turnover in the State's employees during the past two years, over 65 per cent of them having been attracted to other fields of occupation by higher wages and salaries.

It is impracticable for the Senate, sitting as a Committee of the Whole, at this time to make specific findings as to each item of the budget. As a result, however, of the hearings, the Senate, sitting as a Committee of the Whole, has reached certain general conclusions which are expressed in the following declarations or findings, adopted by the vote set after each:

DECLARATION NUMBER ONE.

It is the sense of the Senate, sitting as a Committee of the Whole, after having been fully advised in respect to the suggestion that a special election be called for the purpose of incurring a bonded indebtedness for the construction of buildings urgently and immediately needed, that such plan is unwise, financially unsound, and impracticable.

Ayes——
Noes——

DECLARATION NUMBER TWO.

It is the sense of the Senate, sitting as a Committee of the Whole, that the long continued and firmly established policy of the State of California to care for the building program of the State out of its current revenues, rather than to burden future generations with bonds and interest, should be adhered to. Bonded indebtedness should be incurred only for extraordinary capital requirements or under extraordinary revenue conditions.

Ayes——
Noes——

DECLARATION NUMBER THREE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the State Budget Board was and is justified in reducing and eliminating the various requests for appropriations in the manner and in the amount expressed in the report of the Budget Board, and that there should be no increase in any of the amounts recommended by the Budget Board, and that there should be no appropriations for any of the budgetable items disallowed by the Budget Board.

Ayes——
Noes——

DECLARATION NUMBER FOUR.

It is the sense of the Senate, sitting as a Committee of the Whole, in view of present financial conditions and the tendency of prices to fall, that none of the items recommended in the budget should cover or include any amount for any increase in the present salary or wage scale of the State, with the exception of the salaries of teachers in Normal Schools and other State educational institutions. The increases in these cases are necessary to bring the

salaries up to a level with the salaries paid in the common schools and high schools.

Ayes_____
Noes_____

DECLARATION NUMBER FIVE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the apparent decline in the prices of food, clothing and like commodities, entering into the items of support for the various State institutions, as recommended in the budget, since the preparation thereof, justify a slightly further decrease, to wit: a decrease of 5 per cent in addition to the decrease of approximately 8 per cent already reflected in the budget recommendations for support.

Ayes_____
Noes_____

DECLARATION NUMBER SIX.

It is the sence of the Senate, sitting as a Committee of the Whole, that the Senate Finance Committee should scrutinize with the greatest care and exercise the greatest restraint in approving or reporting to the Senate any special appropriation bills not budgeted, and that only such bills shall be reported as shall secure call for expenditures for urgent needs of the State, and that the policy of entering upon any new activities at the present time should be discouraged.

Ayes_____
Noes_____

DECLARATION NUMBER SEVEN.

It is the sense of the Senate, sitting as a Committee of the Whole, without committing itself as to any particular item of the budget, that the Budget Board in formulating its recommendations has shown great industry, thoroughness and conservatism.

DECLARATION NUMBER FOUR.

It is the sense of the Senate, sitting as a Committee of the Whole, in view of present financial conditions and the tendency of prices to fall, that none of the items recommended in the budget should cover or include any amount for any increase in the present salary or wage scale of the State, with the exception of the salaries of teachers in normal schools and other State educational institutions. The increases in these cases are necessary to bring the salaries up to a level with the salaries paid in the common schools and high schools.

SENATE JOINT RESOLUTION No. 27.

Relative to extending an invitation to the Interstate Commerce Commission to hold hearings in California.

WHEREAS, Many producers of agricultural and horticultural products in California find themselves at this time in a deplorable financial condition because of the excessive freight rates between points of production in California and marketing points east of the Rocky Mountains; and

WHEREAS, The condition resulting from the imposition of present freight tariffs is likewise serious in its results to the carriers of freight because of the fact that fruit and vegetables in large quantities are not shipped but are allowed to go to waste; and

WHEREAS, As a natural consequence the embarrassment of would-be shippers and of transportation lines leads to serious economic distress among the people in general, who are denied the opportunity to purchase such agricultural and horticultural products at reasonable prices, and the cost of living is materially augmented by failure to ship and to market; and

WHEREAS, In at least one other state in the union the Interstate Commerce Commission, which is the national rate determining body, has ordered a hearing or a conference to be held within said state in the hope of speedily remedying the existing condition by an adjustment of freight rates, such hearing following upon a request for the same by the legislature of said state: now, therefore, be it

Resolved by the Senate and the Assembly of California, jointly, That the Legislature of this State extend to the Interstate Commerce Commission an invitation to hold hearings or conferences in California on the question above outlined; that we urge the earliest possible date for the opening of such hearings, to the end that any relief possible may be speedily employed, and that we suggest to said Interstate Commerce Commission the advisability of hearings in both Los Angeles and San Francisco; and be it further

Resolved, That the Secretary of the Senate and the Chief Clerk of the Assembly are hereby directed to forward a copy of this resolution by telegraph to the Interstate Commerce Commission at its office in Washington, D. C.

AMENDMENT NUMBER ONE.

On page 1 line 17, of the bill, after the word "votes" insert the following: "at a primary election as the candidate for the nomination of a political party for an office shall be the candidate of that party for such office, and his name as such candidate shall be placed on the official ballot voted at the ensuing election: *provided*, he has paid the filing fee as required by section seven of this act, *and, provided, further*, that no candidate for a nomination for other than a judicial, school, county, township or municipal office who fails to receive the highest number of votes for the nomination of the political party with which he was affiliated thirty-five days before the date of the primary election, as ascertained by the Secretary of State from the affidavit of registration of such candidate in the office of the county clerk of the county in which such candidate resides, shall be entitled to be the candidate of any other political party.

In the case of a judicial, school, county, township, or municipal office, the candidates equal in number to twice the number to be elected to such office, or less, if the total number of candidates is less than twice the number of offices to be filled, who receive the highest number of the votes cast on all the ballots of all the voters participating in the primary election for nomination to such office, shall be the candidates for such office at the ensuing election, and their names as such candidates shall be placed on the official ballot voted at the ensuing election: *provided, however*, that in case there is but one person to be elected at the November election to any judicial, school, county, or township office, any candidate who receives at the September primary election a majority of the total number of votes cast for all the candidates for such office shall be the only candidate for such office whose name shall be printed on the ballot at the ensuing election: *and provided, further*, that in case there are two or more persons to be elected at the November election to any judicial, school, county, or township office, and in case any candidate for such office receive at the September primary election the votes of a majority of all the voters participating in the primary election in the State or political subdivision in which said office is voted upon, such candidates being herein designated as "majority candidates," said "majority candidates" shall, if their number is equal to the number of persons to be elected to such office, be the only candidates for such office whose names shall be printed on the ballot at the ensuing November election; or, if the number of such "majority candidates" is greater than the number of persons to be elected to such office, then the names of such "majority candidates" receiving the highest number of votes, and equal in number to the number of persons to be elected to such office, shall be the only candidates for such office whose names shall be printed on the ballot at the ensuing November election; or, if the number of such "majority candidates" falls short of the number of persons to be elected to such office, then the names of such "majority candidates," if any, shall be printed on the ballot at the ensuing November election in a group (such group being herein designated as "majority group"), said group on the ballot being preceded by the designation of the office and the words "vote for _____", the blank being filled by a number equal to the number of names in such "majority group"; and in addition to the "majority group" there shall be printed on the ballot in a separate group, and separated from such "majority group", such number of additional names only of such other candidates receiving the next highest number of votes for nomination to such office as may equal twice the number of persons to be elected to such office less twice the number of names in the "majority group" (or a smaller number if the list of said other candidates be exhausted), such group to be preceded by the designation of the office and the words "vote for _____", the blank being filled by a number equal to the number of persons to be elected to such office, less the number of names in the "majority group." In case of a tie vote, the names of all candidates receiving the same number of votes shall appear on the ballot in that group which would have contained any one of them had no tie occurred, whether or not the inclusion of such candidates in any group would cause such group to contain more names than hereinabove provided; and this provision as to tie votes shall, in all cases where two or more persons are to be elected to any office, be applied in lieu of the provisions of section 26 of the Direct Primary Law.

Of the candidates for election to membership in the county central committee, the candidates equal in number to the number to be elected receiving the highest number of votes in their supervisorial district or assembly district, as the case may be in accordance with the provisions of subdivision 5 of section 24 of this act, shall be declared elected as the representatives of their district to membership in such committee. It shall be the duty of the officers charged with the canvass of the returns of any primary election in any county, city and county or municipality to cause to be issued official certificates of nomination to such party candidates as have received the highest number of votes as the candidates for the nomination of such party for any offices to be voted for wholly within such county, city and county, or municipality, and cause to be issued to each delegate elected to the State convention from a holdover senatorial district wholly within one county or city and county and to each member of a county central committee a certificate of his election, said certificates of nomination or election, as the case may be, to be issued immediately upon the completion of the canvass as to such party offices as provided in section 22 of this act; and to cause to be issued official certificates of nomination to such candidates for judicial, school, county, township or municipal offices voted for wholly within one county or city or county as may be entitled to nomination under the provisions of this section. SENATE JOINT RESOLUTION No. 27.

Relative to extending an invitation to the Interstate Commerce Commission to hold hearings in California.

WHEREAS, Many producers of agricultural and horticultural products in California find themselves at this time in a deplorable financial condition because of the

excessive freight rates between points of production in California and marketing points east of the Rocky Mountains; and

WHEREAS, The condition resulting from the imposition of present freight tariffs is likewise serious in its results to the carriers of freight because of the fact that fruit and vegetables in large quantities are not shipped but are allowed to go to waste; and

WHEREAS, As a natural consequence the embarrassment of would be shippers and of transportation lines leads to serious economic distress among the people in general who are denied the opportunity to purchase such agricultural and horticultural products at reasonable prices, and the cost of living is materially augmented by failure to ship and to market; and

WHEREAS, In at least one other state in the Union the Interstate Commerce Commission, which is the national rate determining body, has ordered a hearing or a conference to be held within said State in the hope of speedily remedying the existing condition by an adjustment of freight rates, such hearing following upon a request for the same by the Legislature of said State; now, therefore, be it

Resolved by the Senate and the Assembly of California, jointly, That the Legislature of this State extend to the Interstate Commerce Commission an invitation to hold hearings or conferences in California on the question above outlined; that we urge the earliest possible date for the opening of such hearings to the end that any relief possible may be speedily employed and that we suggest to said Interstate Commerce Commission the advisability of hearings in both Los Angeles and San Francisco; and be it further

By Senator Carr, W. J.: Senate Bill No. 973—An act to add a new article to chapter III of title I of part III of the Political Code, to be numbered article II *g*, embracing sections 366 to 366*c*, both inclusive, relating to a Department of Institutions.

Bill read first time, and referred to Committee on Governmental Efficiency.

MOTION.

Senator Carr, W. J., moved that the Senate do now resolve itself into Committee of the Whole for the further considering of the State budget.

Motion carried.

IN COMMITTEE OF THE WHOLE.

SUBSTITUTE FOR AMENDMENT.

Senator Carr, W. J., offered the following as a substitute for the amendment heretofore, on April 5, 1921, offered by Senator Chamberlin to the proposed form of the budget report:

AMENDMENT TO PROPOSED FORM OF REPORT ON BUDGET.

On page 25 of Senate Journal of April 4, 1921, at end of page, insert the following:

"This, of course, does not include any further appropriations which may be made by the present Legislature in addition to budgeted items. Such appropriations will have to be added to the amount of the budgeted items, which may be appropriated, to make up the total appropriations for the next biennium."

On page 26, strike out lines 1, 2, 3, 4, 5, and 6, and insert in lieu thereof the following:

"The aggregate of the proposed budget of two years ago was $47,580,153.66. There was, however, appropriated by the Legislature two years ago for the present biennial period $52,673,255.66, being $5,093,102.00, in addition to the aggregate of the budget recommendations. If we add to this amount the deficiency appropriations referred to above, we have a total of appropriations for the present biennium of $53,737,8?9.44. Thus, the proposed budget for the ensuing biennium is $32,742,985.07 in excess of the budget of two years ago, and $26,585,329.29 in excess of total appropriations for budgeted and nonbudgeted items for present biennium.

Of the appropriations of two years ago of nonbudgeted items, as indicated above, nearly all are reflected in substantially like amounts in the budget for the ensuing period."

On page 26, strike out all of lines 7, 8 and 9 down to and including the period preceding the word "Eighteen".

On page 26, line 12, strike out the words: "at the various institutions".

On page 26, line 30, after the semicolon add the following: "(These are nearly all included in the foregoing table.)"

Amendment read and its adoption moved by Senator Carr, W. J., seconded by Senator Chamberlin.

Motion carried, and amendment adopted.

MOTION.

MOTION.

Senator Carr, W. J., moved that the body of the Senate budget report, as amended, be adopted.

AMENDMENT NUMBER ONE.

they have held such office at least six months. The provisions of this section are intended to apply to officials now in office as well as those hereafter elected. The procedure to effect such removal or recall shall be as follows: A petition demanding the recall and declaring the office of such trustees sought to be recalled, vacant, shall be filed with the clerk of the board of supervisors of the county in which the said reclamation district or the greater portion of the acreage thereof is situated, which petition shall be signed by persons qualified to vote for trustees representing at least twenty-five per centum of the vote cast at the last election for trustees in said district. Said petition shall contain a statement of the grounds on which the removal or recall is sought which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceeding held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, and if within a town having named streets and numbered houses, state the number. At the next regular meeting of the board of supervisors after the date of filing such petition, the said board of supervisors shall examine said petition and shall determine the qualifications of the signers of such petition and shall determine whether or not said petition is signed by persons representing at least twenty-five per cent of the vote cast at the last election of trustees in said district. The board of supervisors shall attach to said petition their certificate showing the results of such examination. If by such certificate the petition is shown to be insufficient it may be supplemented within ten days from the date of such certificate by the filing with the county clerk of additional papers, duplicates of the original petition, except as to the names signed. The board of supervisors shall, at the first regular meeting after such supplemental petition and if the certificate shall show that all the names on such petitions, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record. The failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect. If the petition shall be found by the board of supervisors to be sufficient, the board of supervisors shall forthwith cause a special election to be held within not less than thirty-five days nor more than forty days after the date of the order calling such election to determine whether the voters will recall such officers. If a vacancy occur in said offices after a recall petition is filed the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose a removal of the trustees of any reclamation district. One election is competent for the removal of said trustees.

There shall be printed on the recall ballot the question, "shall (name of person against whom recall petition is filed) be recalled from the office of (title of office)?", following which question shall be the words "yes" and "no" on separate lines with a blank space at the right of each in which the voter shall indicate by writing therein the number of votes to which he is entitled for or against such recall, and also the names of candidates to be voted for, to fill the vacancy caused by the recall of such trustee in case he is recalled or blank spaces in which to write the name of candidates for such office. If a majority of the votes cast at such election for said recall of any incumbent trustee from office shall vote "no" such incumbent shall continue in said office. And if a majority shall vote "yes" said incumbent shall be deemed removed from such office, and such office shall thereupon become vacant, and the person securing the highest number of votes for said office shall be declared elected to fill such vacancy. The election shall be conducted and the canvass of all votes shall be made and the result declared in the manner provided for in section 3491 of the Political Code of the State of California, except where the provisions of said section conflict herewith, in which event the provisions of this section shall prevail. If the vote at any such recall election shall not recall the officer no further petition for the recall of such officer shall be filed before the expiration of six months from the date of such recall election. At such recall election the names of all of the trustees of such reclamation district shall be placed on the ballot, but only those shall be deemed removed from office against whose names a majority of the votes cast shall be "yes"."
